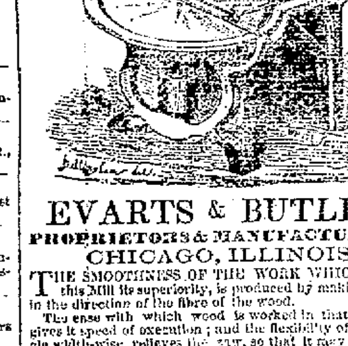
EVARTS' PATENT SHINGLE MILL



EVARTS & BUTLER,
PROPRIETORS & MANUFACTURERS,
CHICAGO, ILLINOIS.

THE SMOOTHNESS OF THE WORK WHICH GIVES this Mill its superiority, is produced by making the cut in the direction of the fibre of the wood.

The ease with which wood is worked in that direction gives it speed of execution; and the flexibility of the shingle width-wise relieves the saw, so that it may be ground thin on its edge, so as to cut away but little of the wood.

The shingles now made with this mill sell in this market seventy-five cents per thousand higher than any other sawed shingles.

This mill is made entirely of iron—strong, simple and of the best workmanship, easily worked, and not liable to get out of order.

With an APPENDIX, containing the
CASE OF PASSMORE WILLIAMSON.
Edited, with an Introduction and Notes,
BY RICHARD HILDRETH.
One Volume, 420 pages, 12mo. Price $1,00.

THE various man-hunting expeditions which have, within the last few years, been made into the North, and the numerous trials, including the Jerry, the Sims, the Burns, and similar cases, and the crowning act of infamy enacted by

JUDGE KANE UPON PASSMORE WILLIAMSON.

have excited the profoundest indignation and alarm. The Publishers believe, therefore, that this amply attested and clearly drawn record of what judges have done, will lead the people to see what, if unchecked, judges may still do.

Christadoro's Hair Dye still Triumphant!

CONTRAST the tints brought out in the hair by Christadoro's matchless revitalizing Hair Dye, and those produced by application of the burning fluids ordinarily sold as Hair Dyes, you see at once that the color is natural in one case, unnatural in the other, and the simple reason is that Christadoro's is the ONLY preparation which by its exact chemical combination operates on natural and immutable principles. Made, sold and applied (in 10 private rooms) at Christadoro's, 6 Astor House, Broadway, N. Y. Also for sale by the principal Druggists and Perfumers throughout the country.

The Mormons at Home.
Descriptive of a Tour Through Kansas and Utah, and of a Residence at the Great Salt Lake City, by the Wife of the late United States Secretary for Utah.

PORTIONS OF THIS WORK have appeared in Putnam's Monthly, under the title of "Life among the Mormons," and have been received by the press and the public with the strongest evidence of commendation and interest. The facilities enjoyed by the author for apprehending the general public polity of the Mormon leaders, and for observing the effect of this polity upon the interior social and family life of the people were such as secure for her report peculiar and permanent value. A MORE CHARMING TALE has rarely made its appearance in any country. The scene is laid in Boston, at the time of the religious persecution of the Quakers by the Puritans, and this circumstance adds very great interest to a tale which does not require any such fictitious aid; our whose intrinsic qualities are sufficient to fasten the reader's attention, and deeply move his sympathies, as well as enforce an admirable lesson.

We add a paragraph from the book itself:—

"The world is aware that the early history of the Quakers in New England fills a page in her records which the descendants of our Puritan ancestors would gladly seal forever from the eyes of men. The time of these occurrences is yet too recent, for justice to either parties to be awarded. The consciousness of a cruel intolerance on the one hand, and the remembrance of wrong on the other, are yet too fresh in the minds of their descendants, and years must pass away before either can regard the other with impartiality. But our historians and others should remember that the blot is only made deeper through their attempts to excuse these deeds of cruelty by false representations of their victims, and it becomes the duty of every faithful representative of those times to depict their character with fairness, and to do justice to the motives that influenced their conduct.

"We trust the time is not far distant when the spirit that still characterizes New England men, especially her clergy, will give place to a more enlightened feeling of Christian brotherhood. Let it be remembered that the time was, when the Quakers stood alone against abuses which are now cried down by the majority, and if their peculiarities are fast disappearing from our sight, their principles remain."

PIANOS AND MELODEONS ONLY.

IN ALL LARGE CITIES the PIANO and MELODEON trade is a department by itself, requiring the entire attention of the manufacturer or dealer. Believing that such an establishment can be sustained in this Musical City, the subscriber will devote his time to the trade in

Pianos and Melodeons exclusively.

During the past week he has received an additional supply to his before extensive stock and now offers a complete assortment of very superior 6, 6¼, 6½, 6¾ and 7 octaves Pianos, in rich and beautiful cases, chaste but not gaudy, from manufacturers of established and unequalled reputation, viz:

LIGHTE, NEWTON & BRADBURY, New York.
JOHN B. DUNHAM, New York.
HALLET, DAVIS & CO., Boston.
MASON & HAMLIN'S MODEL MELODEONS.

News of the Morning.

The new steamship *Persia*, with one week's later dates from Europe, arrived in New York Saturday. The leading items of her news were received at the *Sentinel* office and placed on our Bulletin board in the afternoon. Very full details will be found under the telegraph head. They increase the probabilities of Peace.

The *Pacific*, which sailed three days before the *Persia*, is not yet in, and fears are entertained that she has met with some accident.

A civil war seems to be impending in Kansas, and the prompt interference of Congress, or aid from the Free States can alone save that Territory from being overrun by the Border Ruffians and Slavery Propagandists.

Various items of news will be found in our telegraph and local columns.

Uncertain which to Choose.

Our readers are aware that a few weeks since a handful of gentlemen assembled at Madison, pursuant to a call from the head of the K. N. order in this State, and proceeded to frame a new platform for the so-called "American" party. This was immediately proclaimed, with a grand flourish of trumpets; and attention especially invited to the fact that the "Know-Nothings" had thrown off their masks, and would henceforth appear bare-faced in public. Following this announcement came a dispensation from the K. N. Pope, authorizing subordinate lodges to receive foreign-born *Protestants* into their political communion, and a pompous declaration from the same, that the Know-Nothings had "done with secrecy," and would hereafter set up for themselves.

Among the gentlemen who assisted at this K. N. conclave, was Judge D. E. Wood, of Fond du Lac. Judge Wood was a delegate, last year, in the Republican State Convention and placed upon the Republican State Central Committee; having openly declared in the Convention that he regarded the principles and organization of the Republican party *as paramount to all others.* When, therefore, his name appeared attached to the new K. N. platform, and proclamation was openly made that this was a distinct political organization, *and necessarily* antagonistic to all others in the field, it became evident that Mr. Wood was out of place in the Republican State Central Committee, and that he ought to retire from that position. He was formally requested to do so in a letter addressed to him by the Chairman of that Committee, pursuant to the following preamble and resolution adopted at a caucus of the Republican Members of the Legislature.

"*Whereas*, this meeting is in possession of satisfactory evidence that D. E. Wood, a member of the state central committee, is in affiliation with an organization hostile to republican principles, therefore,

Resolved, That the chairman of the state central committee, be advised to communicate to Mr. Wood the convictions of this meeting, and request him to resign his membership of said committee."

Strange to say, Mr. Wood refuses to take the hint. Nay more, he publishes in the Fond du Lac *Herald* two columns of reasons for declining the invitation. He argues that the two parties agree, in the main, on the Slavery issue; that there is a necessity for their united action, and that he has conscientious scruples about surrendering a trust confided to him by the Republican Party, except at the request of a State Convention, or of a majority of the State Committee. Now it may be very true that the mass of the Know Nothings in this State concur in the views of the Republican Party on the Slavery question; and it is undeniably true that the crisis imperatively demands a union of counsel and action among all opposed to the aggressions and exactions of the Slave power.

But what has that to do with the question of Mr. Wood's political whereabouts? He cannot serve two masters. If he adheres to the K. N. party, he ought to abandon the Republican organization. If he sticks to the Republicans, he should cut loose from the K. N's. Manifestly he is out of place on one, or the other State Central Committee. And as his K. N. declaration of faith is the most recent, it is to be taken (until contradicted, or set aside) as the most authentic exposition of his political views. Such being the case, we hold that Mr. Wood owes it to his own self-respect, to fair dealing and to the Republican Party, to resign a trust which it is evident from his own avowals, he can no longer properly fulfil. And if he is really troubled with scruples in the matter, we hope that the first Republican State Convention which meets will relieve them by renewing the invitation of the Republican [illegible].

Great Republican Victory in Detroit.

The Republicans won an important victory in Detroit, on Tuesday, at the City election. The trial of party strength turned on the election for Mayor. A full vote was polled, and each side put forth its strength. The *Advertiser* of the 6th inst. says:

"The Republican forces rallied nobly and sustained their efforts at the polls, notwithstanding the bitter character of the day, unflinchingly and perseveringly. The working men of all the old parties now acting together under the Republican flag, vied with each other in their efforts to give a favorable turn to the fortunes of the day. On both sides, the field was well contested. The Custom House, Post Office, United States Land Office, and the Marshal's Office were strongly represented, and had an apparently unbounded amount of money. Among these government officers and their deputies and *attaches* are many of the shrewdest and most unscrupulous electioneerers in the city. Their coats were all off, their hands full of money and rum flowed like water. The aggregate vote of the city was larger yesterday than ever before. A considerable illegal vote was polled owing to the persistency with which those who were not voters were thrust to the polls and the connivance of the Administration inspectors in some of the wards."

The following was the result by ward majorities:

Majority for Hyde..225

Last Spring the Nebraskals carried Detroit by a heavy majority, and it has, for many years past, [illegible] the same way. But there, as elsewhere, the fast rising popular sentiment of the Free States, against the extension and aggressions of Slavery, begins to make itself heard and felt.

The Milwaukee & Mississippi Rail Road.—The New York *Tribune* of Monday, in its money article, says:

"Milwaukee and Mississippi sold at 83½, and some private sales were made at 84. The election of officers for this road takes place in a few days at Milwaukee. Mr. Catlin, the present President, has made himself very popular with the stockholders in this vicinity. He has been on the ground here to communicate all information in regard to this road, and the success of the road thus far has been due in a great measure to the able administration of its affairs."

New Post Office.—A new Post Office has been established at Lamberton, in the county of Milwaukee, and Silas Judd, Esq., appointed post master.

FROM MADISON.

Editorial Correspondence of the Sentinel.

Madison, Feb. 8.

Mr. Potter, of Walworth Co., has introduced in Assembly, a bill to amend the charter of the Milwaukee and Beloit R. R. Co., so as to allow of an organization on a smaller subscription than at present provided.

I am informed by gentlemen from the neighborhood of East Troy and Delavan that there is very great anxiety on the part of people in that region, for an immediate movement for a railroad connection with the Lake. As they tell me, the matter stands briefly thus; the Racine and Miss. R. R. Co. offer to build a branch from Burlington to East Troy, within 12 months, if the people of that town will vote aid to the enterprise. The people of Walworth Co. want a railroad, but many prefer a connection with Milwaukee, the East Troy business coming thither by way of Eagle. If the Milwaukee & Beloit R. R. enterprise is taken up and pushed forward, say these Walworth Co. men, they are ready to take hold with earnestness and provide the means for building that road, so far as it goes through their county, to Delavan. They say that they are abundantly able, and everybody knows *that*—and that they are so anxious to have a road, that they *will* have it—and I believe this. They say that such a road from Milwaukee to Delavan would pass through one of the richest and thickest settled part of the State, and be long enough to be self-sustaining. They say that the men from Milwaukee named in the charter seem to take no interest in the enterprise whatever, and do not attend the meetings called.

Now, our people have before them two propositions for a south-western railroad—one by way of Burlington, and this other, by way of East Troy and Delavan. Let our citizens now look about them, and see that they do not lose rich opportunities ready for their taking.

The democracy are very much troubled about Mr. Knowlton's resolutions. At a caucus—they regulate everything by caucus—held last night, there was a resolution offered proposing to read out of the party every man who would not vote to indefinitely postpone these obnoxious resolutions; but *there is* rebellion in the camp, and it is believed that a sufficient number of democrats will refuse to be whipped into submission, and that the resolutions will pass. Good!

This morning, in Senate, Mr. Hadley moved to correct the Journal of yesterday by striking out that obnoxious word "acting" prefixed to "Governor." The point of order was raised that the Senate having yesterday voted to retain the word, it was not in order to strike it out, without a motion to reconsider from some one who voted in the majority. Nobody who thus voted being ready to move a reconsideration, the word stands. Mr. Hadley, however, is on hand again, having introduced a resolution to instruct the Committees hereafter to omit the obnoxious word! It is a dreadful state of things, truly.

The resolution of inquiry as to removal of Deaf and Dumb Asylum came up, and, by consent of Mr. Mills, of Walworth, who expressed his readiness to meet any examination as to the present location, went to Committee on State affairs.

Mr. Cobb called up the land grant resolution, tabled the other day, saying that he had voted to table it because there were matters of importance pending, which he preferred to see acted upon. The brief discussion which followed elicited from Mr. Hadley a declaration that he was disposed to favor a grant of land through our unsettled regions, located on the line, and open for sale at government price, properly restricted. Mr. Rose intimated that if there was to be in Congress a general scramble for the lands, it may be best not to tie up the hands of our Members of Congress. Mr. O'Neil opposed all grants now, as he said he had done before, when Mr. Hadley was with him.

The resolution still lies on the table.

Mr. Sutherland, of committee to whom was referred that part of the Message, recommending that the prohibitory Liquor Law be let alone, &c., &c., made an able report, taking entirely opposite grounds; but recommending no action by this Legislature, because any bill would be vetoed.

W. H. W.

The News by the direct route.—By a private letter from the postmaster at Superior, we learn that Mr. Banks has been chosen Speaker of the National House of Representatives. Our latest dates via, Green Bay left the matter still undecided. It will be recollected that Superior lies *one hundred and eighty miles* to the west of us, and yet affords us later news than we can get by Green Bay.—*Lake Superior Miner, (Ontonagon) Jan. 19.*

When you get the news via the "direct route" that the moon has turned into green cheese, you will please *swallow* it all, because it will be later news than you "can get by Green Bay." We have not yet received the news from Washington that Mr. Banks, or any other wild-cat institution, had been elected Speaker.—*Green Bay Advocate, Feb. 7.*

What a dreadfully out of the way place Green Bay is! Here we have the joyful tidings of the election of Mr. Banks, as Speaker, spread all through the land, even up to Lake Superior, while at Green Bay, up to the 7th inst., they were still ignorant, or incredulous of the fact.

Berlin and Lake Superior Rail Road.—At the Annual Meeting of the Berlin and Lake Superior R. R. Company, held at Berlin on the 5th instant, the following Directors were chosen for the ensuing year. J. B. Smith, Jesper Vliet, D. H. Richards, of Milwaukee; S. Wheeler, J. V. Swetting, D. D. Merrian, of Berlin, and Albert Smith, of Bangor, Maine. At a subsequent meeting of the Directors, J. B. Smith was re-elected President, J. V. Swetting, Secretary, and D. H. Richards, Treasurer.

The Chief Engineer, Jesper Vliet, was directed to survey the line from Berlin to Lake Superior, early the ensuing season. No doubt is entertained of finding a cheap and practicable route.

How did they get the News?—The *Wisconsin* of Friday afternoon has the following glowing account of the Pioneer Festival at Madison:

We learn from Madison that the Festival today *was a grand and imposing affair.* The pioneers formed in procession between the U. S. Hotel and the Capital House at 10 o'clock A. M., and from thence to the Assembly Hall. The meeting was called to order by the President, J. Duane Doty, afterwards a prayer by Bishop Kemper, and followed by an address by Harlow S. Orton, greeting the pioneers on behalf of Young America, &c., &c.

As the Festival does not come off till Wednesday next, we are curious to learn how the *Wisconsin* got it so far ahead of mails, telegraph and the fact.

As the *Sentinel* and other presses have taken occasion to make the same statement, viz: that we differed from Mr. Vaughan on the subject of State politics, we take this occasion to say, it is not true. We simply differed as to the manner of treating our opponents, and as to the policy of adjourning the Legislature till the gubernatorial question was settled.—*Free Democrat.*

All that the *Sentinel* said on the subject was that Mr. Vaughan withdrew from the *Free Democrat* because his views and those of the senior editor "on certain questions of State politics did not at all harmonize." And such we understood to be the fact.

Railroad Connection with Oshkosh.—We learn that the Winnebago Railroad Company have let the contract for the construction of their Railroad from Oshkosh to Ripon, 18 miles, to be completed by the time that the Milwaukee and Horicon Railroad reaches Ripon. This, it is thought, will be early next fall, in which event we shall have a direct Railroad communication with Oshkosh. The distance between Milwaukee and Oshkosh, by this route, will be ninety-nine miles.

☞ The Weather to-day is very mild. Last evening there was a slight fall of snow, succeeded by clear skies and warm sunshine. Teams from the country line the streets, indicating considerable travel. The roads are now all good and it is very easy to get about. Grain is coming into market in increased quantities.—*Watertown Dem. Feb. 8.*

The Railroad Meeting.

At the meeting held in Young's Hall on Saturday evening to hear a report from the engineer of the Fox River Valley Railroad and to transact other business in relation to said road, questions were mooted in which every well-wisher of Milwaukee must take a deep interest. Mr. Kilbourn was called to the chair, and Mr. Belden, the engineer, proceeded to make his report in a clear and succint manner—giving the distances from Milwaukee to the various points along the route—the probable cost of building the road from place to place—pointing out its numerous connections and showing conclusively the immense benefits which must inevitably accrue to our city upon the completion of the road, estimated the total cost of the road from Milwaukee to Rochester, its terminus, at $1,000,000. Stated that a short portion of the road was already built and in successful operation, (applause,) and very promptly answered all questions, to the entire satisfaction of those interested, which were asked him.—His report was illustrated by a map of the road and its connections.

Col. Crocker was then called for, but not being present, Mr. Henry took the floor—acknowledged the very great importance of the Fox River road to Milwaukee, but thought it equally important that while building that road they should build the Milwaukee & Beloit in connection with it. Believed that the two roads could be built as easy, if not easier, than either one separate. He said that he did not wish to displease any gentleman present, but that it was a fact that the Mil. & Miss. road would at an early day be completed from Janesville to Dubuque—contract already let from the former place to Monroe; that it would also be completed at an early day to the Mississippi river, and that when thus completed it would be impossible for the Company to put rolling stock enough upon the road to do the business which would come upon it from Milton to Milwaukee, the former place, being the junction of the two branches. The surplus business must inevitably come to Milwaukee by the Fox River roads. If the citizens of Milwaukee would encourage these two roads, he looked forward to a proud future for Milwaukee. When he concluded, several persons left the room, probably on account of cold.

Mr. Reymert then arose; said he more immediately represented the interests of Troy, Elkhorn and Delavan, and agreed generally with his predecessor.

Mr. Merrill said that we had been building roads west and north west, through the newer and less populous portions of the State, and left the Southern, the richest and most populous portion, without a representation by railroad; the first road built should have been from Milwaukee to Beloit. It was in contemplation to build a road from Racine to Portage City—Racine people offering that if the people along the line would raise $80,000 towards it, they would raise the balance—that by building the Fox River road it would preclude the necessity and possibility of building that road. Gen Grant agreed that it was impossible to over estimate the importance of the Fox River road to Milwaukee, and offered a resolution for the City to loan the road $200,000.

Mr. Booth thought that it was not the best policy to build the road any farther towards Beloit than it could be made to answer for both roads, that in fact it was impossible to build it directly there, from the nature of the country, but build it as far as would answer for both, and let Beloit look out for the balance.

Mr. Kilbourn said he wished to give his views before taking a vote upon the resolution.

He agreed with Mr. Booth, that they should build toward Beloit as far as one road would answer for both, and no farther. The Fox River road was the most important enterprise on the tapis and should be considered so by this meeting, when built would attract a large amount of trade from N. W. Ill., to Milwaukee; had conversed with a gentleman from the vicinity of Beloit who had the last season carried wheat by teams from that place to Janesville, to be shipped over our road to Milwaukee, because the Milwaukee wheat commanded a better price in market than Chicago. When Chicago shall have completed her system of Railroads to draw trade from Wisconsin to enrich their Metropolis, and Milwaukee shall have completed her system of Railroads, pointing into Illinois, Milwaukee will attract a far larger amount of trade from Illinois, than Chicago from Wisconsin. It would not seem from the meeting to-night, that Milwaukee took a very deep interest in this enterprise, but let a meeting be called with delegations from the country through which it passes—concoct some feasible plan to be presented to Milwaukee, and it would then be seen that they take the deepest interest in it.

He thought the younger business men, those who had not engaged in Railroad enterprises should now take hold, and not call upon the old soldiers—let Young America put a shoulder to the wheel and lead off. Was in favor of individual effort before corporation aid. It was true as had been stated, that the Roads built and building, were through a comparatively new part of the State. That the Fox River R. R. would run through the oldest settled, most populous, and richest portion of the State—besides affording a direct market to a large portion of Northwestern Illinois.

Mr. Holton thought that the city should not subscribe without a condition to give fair connection to Beliot Road. That the principal burden of the road should rest upon the country lying along the line of the road, and the city make up the balance—not lead off.

In accordance with the recommendation of Mr. H., Mr. Merrill offered an amendment to the resolution—to give fair connection to Beloit road.

A committee was then appointed to keep the ball in motion, and then the meeting adjourned. It was an important one, and those present seemed to think that it was the commencement of an important commercial era for Milwaukee.

Milwaukee Rifle.

While in Milwaukee, a few day since, we enjoyed the pleasure of a personal inspection of this truly valuable and ingenious piece of mechanism.

Our old friend, Capt. G. W. Kellogg, who owns an interest in the Patent, took especial pains to explain the peculiar advantages of this rifle over any other.

We have never made much proficiency in the art of "shooting," but we have paid a little attention to mechanical constructions, and we must say, that the rifle, invented by John C. Howe, presents advantages that we have never seen excelled in firearms.

The Rifle is "breech loading." The loading chamber forms a gas-tight joint with the barrel, at the breech, by means of an indented knuckle socket, which renders the escape of gas, almost impossible, while its liability to wear from friction is exceedingly small indeed, if any. By a single movement of the lever or guard, the chamber is thrown up for the reception of the ball and powder, and at the same time cocks and caps the rifle. It can be loaded and discharged, with precision, twelve times per minute. The cartridge is water proof, and the ball escapes perfectly "patched," as in the muzzle loading gun. —*Madison Patriot.*

We described this rifle at length, some months ago, and expressed the opinion then that it was a much more effective weapon than either the Minnie, or Sharpe Rifle. Important improvements have since been made in it, and certainly it strikes us as the perfection of a fire-arm. Those who are curious in such matters can get a look at the Milwaukee Rifle, by calling at Capt. Gardiner's Gun Shop, on Wisconsin Street.

Milwaukee Measures.—Two bills of special interest to our citizens were introduced into the Legislature on Friday; one to amend, in very many particulars, the charter of our city; the other, to divide this county, and create the new county of *Lake*. The latter is a movement of the county towns, and we hope they will be allowed to have their way.

The Weather.—We are now having beautiful winter weather, and better sleighing was never known in Northern Wisconsin. Business of all kinds is brisk.—*Green Bay Advocate.*

The "Great Question" in California.

Messrs. Editors:—I send you the following copy of a private letter from a distinguished member of the Bar in California. It draws the outlines of that dark monster, grim, gloomy and terrible, that is struggling to control the destinies of this nation. I doubt not but what it will be interesting to your many readers:

San Francisco, Dec. 24 '55.

"You say in your letter that the question of Slavery or Freedom, is the all-absorbing one with you. I assure you I rejoice to see public attention awakened to this matter. The North has too long slept. I was never fully conscious of the danger we are in until a residence in California made me understand it. Slavery seems to have the effect of destroying the sensibilities of all those raised beneath its influence. California is inhabited by about one-third Southerners and two-thirds Northerners. A portion of the Northerners are, of course, here as everywhere else, doughfaces; a few of the Southerners are opposed to Slavery extension. With the great body of these Southerners, however, there is but one governing principle, and that is the extension of Slavery over the whole continent. They carry it into all our local elections, and boldly avow their determination to divide this State and introduce Slavery into the southern portion, and then annex Sonora and other adjoining Mexican States, and make Slave Territory of them all. These men have hitherto contrived to control our elections, in a great measure through the aid of Northern Doughfaces.

Our fall elections resulted in favor of the Know Nothings, who elected their Governor and a majority in the Legislature, all composed of these State division men. I do not know what you think of the Know Nothing party, but here I can assure you, it is sold, *body and soul*, to Slavery. Could the people of the free States once understand how anxiously all friends of Freedom who inhabit our territories and California are watching their movements, they would unite as one man, to stop the progress of an institution which is blighting the prospects of our fair Republic.

Let no threats of a dissolution of the Union deter you. These men have hitherto governed the North by blustering. When you yield they despise you and chuckle over it. The struggle that is now going on will forever determine whether this continent shall remain free, or be delivered over to bondage. If they succeed in getting in Kansas as a slave State, California will be divided and New Mexico and Utah will follow and thus a cordon of Slave States will be organized from the Gulf of Mexico to the Pacific ocean. The Republican party of the North should not fritter away its strength by embracing Know Nothingism, but establish a platform broad enough to embrace every friend of free institutions."

Capital Punishment.—We copied a fortnight since, a paragraph from the Kenosha *Telegraph and Tribune*, in favor of the restoration of capital Punishment. We supposed, at the time, that it expressed the opinion of the *Telegraph* on this mooted question, and so published it. A few days afterwards a writer in one of the Madison papers (doubtless Mr. Sholes, Editor of the Kenosha *Telegraph*, himself) took us to task for copying the paragraph, and charged us with want of candor in publishing as an editorial, what appeared in the *Telegraph* as a communication.—In answer to this complaint we stated that we noticed no mark of a communication about the article and published it, as we supposed it to be, as editorial. The last number of the *Telegraph and Tribune* thus justifies our course in the matter.

"The *Sentinel* was most certainly justifiable in publishing our article on Capital punishment as it did, without the "initial," and we presume to say, that an initial placed at the bottom of an article does not always denote a correspondence. We will state for the benefit of the said correspondent, that the "initial" at the bottom of the article, was the initial of one of the firm, when given in full would read thus. "Butts."

Mr. Butts proceeds to say that he differs with his associate, Mr. Sholes, on this question, and is very decidedly in favor of restoring Capital Punishment for the crime of murder. So, we do not doubt, are the vast majority of the people of this State, and we trust that the Legislature will not adjourn without amending the present law accordingly.

The Minnesota Row.—Our readers will remember that we mentioned, a few days ago, a rencontre in the Capitol of Minnesota. The St. Paul Times, of the 28th, contained a full account of the affair. It seems that a rather exciting debate occured on the Slavery question, after which a spirited conversation took place outside the Hall, between Mr. McLeod, Member of the House and Mr. Heard, Sergeant-at Arms of the Council. Several blows were struck, when Mr. Heard pushed Mr. McLeod over the banisters, and he fell to the floor below, some twelve or fourteen feet, breaking his arm and otherwise injuring him. He was taken up for dead, but rallied, and is now likely to recover. Both parties were arrested by the U. S. Marshal and an examination had. Heard was bound over in the sum of $500, and we think McLeod in the same sum, to appear before the next term of the District Court and take their trial. So says the Times. The Pioneer of the next day, however, announced the foregoing to be a palpable mis-statement of the case; that Mr. McLeod was never taken into custody, nor held to bail, nor was there ever an indication that he should, or belief that he would, be subjected to either. The Times also says that Mr. McLeod did not strike Mr. Heard, but only wiped his handkerchief across his face, when the other pushed him over the banisters.

Fatal Accident.—Rolla Beattie, a young man residing at Depere, was killed on the 31st of January last, while engaged with his brother in unloading a saw-log from a sled, at the log-way on Fox River some two or three miles above Depere; while taking a chain off, the log started from the sled, when he attempted to run down the hill in advance of the log, and just before reaching the bottom, it caught his feet and pressed him against another log, and crushed him so severely, that he spoke but a few words to his brother and expired. Mr. Beattie was an active and enterprising young man, and his loss is deeply lamented by the family and his numerous friends.

On the same day that the above accident occurred, one of the foremen in the employ of the East River Steam Mill Co., by the name of Joseph Stocker, had a leg and arm broken, in a shocking manner, by the falling of a tree upon him.—He is now at the Astor House, under the treatment of skillful physicians, and we learn is in a fair way to recover, without the resort to amputation.—*Green Bay Advocate.*

Very Late News from the Head of Lake Superior.—Mr. George E. Nettleton and Dr. Neil, citizens of the city of Superior, arrived in our city last evening, only two weeks from the head of the lake. The news brought by these gentlemen is of the most pleasant and gratifying character.

The Government Road is opened through from Superior to St. Paul, and a brisk movement has sprung up upon it. They have received their weekly mails regularly all winter at Superior.—Mr. Nettleton, who came through on the new road, met six teams going to Superior; and his brother, who came through partly on the old road, met seven. In all thirteen teams were met going to Superior.

The winter at Superior had been open and fine. The coldest day was the Monday after Christmas, when the thermometer fell to 32 degrees below zero. The same day it was 44 degrees below at St. Paul. Mr. Dean, the Receiver of the Land Office at Superior, with his wife, came through with Mr. Nettleton's party.

Supplies are abundant at Superior, building progresses steadily, and prospects are bright.—The Fond du Lac Copper mine, 12 miles distant, is developing richly. Goods were received at Superior by lake as late as the 12th of December. Goods were received in seven and a half days from New York, at only 90 cts a hundred. This amazes the city of St. Paul.—*Chicago Dem. Press, Feb. 8.*

Anecdote of Dr. Beecher.—Rev. Dr. Lyman Beecher, some years since, was going home one night with an encyclopedia under his arm, when he saw a small annimal standing in his path. The Doctor knew that it was a skunk, but very imprudently hurled the book at him. The skunk, as might be expected, returned the Doctor an equivalent, so that when the divine reached home, his friends could scarcely come near him, and his clothes were so infected that he was obliged to bury them. Some time after this, some one published a pamphlet, speaking very abusively of the worthy Doctor, who was asked, "Why don't you publish a book and put him down at once?" He replied, "Sir, I have learned better; some years ago I issued a whole quarto against a skunk, and I got the worst of it."

The Triumph at Washington.

In all great contests it is firm, steady, cool, determined, persevering fortitude that carries the day. So it was at Waterloo; so it has been in the great democratic triumph just achieved at Washington in the election of Mr. Banks as Speaker. Of course by democratic triumph we mean the triumph of those who represent the original, old-fashioned democratic principles of the country—democratic principles as understood and advocated by Benjamin Franklin, Thomas Jefferson, George Clinton and Samuel Adams—not the sham pseudo-democracy which has for its sole doctrine, at the South the extension of Slavery, and at the North the spoils of office—the pretended and hypocritical democracy of Cobb, Wise, Mason and Hunter, of Pierce, Cushing, Marcy and Richardson.

Waterloo was gained by the unflinching and unconquerable steadiness of the British battalions, which drawn up in squares defied all the French charges, till Blucher at last appearing on the French flank, and Bonaparte able to wait no longer for Grouchy to come up, ordered the last desperate charge of the Old Guard, which parting like the rest, the route became total—not the battle only being lost, but the imperial throne along with it. Just so the Republicans at Washington—firm as a rock againts all assaults, whether in the House or from without the House, against open violence and secret treachery, against cannonades by avowed enemies and underminings by pretended friends—endured it all most manfully; till the Administration traders, pressed by the clamors of a host of unpaid officials, satisfied that the Northern Know Nothings, much as they might wish it, did not dare to come up to the scratch, and clutching at the hope of making Mr. Aiken Speaker, consented to the plurality rule, charged desperately at the heart of the Old Guard, dashed fiercely and confidently on the Republican squares, which in vain they attempted to break, rolled back in confusion, and fled the field.

One of the greatest marks of extreme stupidity is, not to know when one is beaten. Mr. A. K. Marshall, astonished at a result which, to judge from the speech he made in casting his vote for Aiken, was entirely imputed to him, made an attempt to rally the routed forces, on the ground that, though Banks had received a plurality vote, a majority resolution was still needed to put him in the chair. Thirty-nine more were found desperate and infatuated enough to attempt to stand upon this quibble. Bonapartes of the administration saw plainly enough that the day was lost, that all was lost but their honor; and Messrs. Cobb, Aiken and Smith of Alabama, and the majority of Mr. Banks' opponents, feeling that they had something of that sort to loose, were by no means inclined to throw it away as they ran; and under their judicious leadership, the honor of the Anti Banks men was saved. This triumph over the meaner elements of their own organization, may serve to console them, at least in part, for the loss of the Speakership. To keep within the sympathy of honorable minded men, irrespective of politics, is something to boast of—at least on the part of those who have resisted an attempt to push them out of it.

This first great victory attained, at least within the memory of the oldest of the living, by Freedom over Slavery, cannot fail to have great results. We look upon it as the commencement of a new era in our history. If a Speaker can be chosen without the aid of a single Southern vote, and in spite of a strong cohort of Northern doughfaces, avowed and secret—why may not a President be chosen in like manner? The North is no longer a terra incognita which mocks the efforts of political navigators to find it. It proves at last to be firm land—a stand-point whence it is possible to leap into the Speaker's chair—why no in the President's?

The long struggle of nine weeks will not have been thrown away. It must serve to convince our Southern brethren that the North is not, as they have all along taken it for granted, mostly made up of fools and knaves who can at any time be frightened, cajoled or bribed into the basest and meanest self-humiliations. This unsuccessful struggle of nine weeks to put a doughface or a slaveholder in the chair—instead of which Mr. Banks sits there—cannot fail to satisfy the more intelligent slavery-extensionists that we of the North are not to be classed, as they class their slaves, among the inferior races destined to be ruled by the superior Southern race; but that, however it may be with negroes, or with their own poor white folks, we white folks of the North are men and equals, and must be treated as such. We hold in all due estimation the natural and spontaneous politeness of Messrs. Cobb, Aiken, and Clingman, and we must not be under-stood as intending to say anything to disparage it in the slightest degree, but still we apprehend it was the flashing of this idea of the manhood of the Northern people through their brains, simultaneously with the announcement of Mr. Banks' election, that served in part to prompt their very courteous conduct on that occasion. Men who respect themselves, and show it in their actions, are always sure of respect from everybody—except a few stupid and brutal barbarians, of whom only one or two now and then find their way, as Members, into the halls of Congress.—*New York Tribune.*

New Mills.—The following is a list of the new mills now being erected in this vicinity, all of which are to be in running order the coming Spring:

On East River, the Kentucky Co. have put up the frame and are now putting in the inside work for four upright or muly saws, one siding mill, a Woodworth's planing machine, and several other machines. All to be driven by a 60 horse power engine.

In Howard, Robinson & Ballou have put up a frame on the site of the mill burnt last summer, and are now putting in the machinery for two muley saws, a siding mill, lath mill, &c., to be driven by a 40 horse power engine.

About a quarter of a mile from this mill, in Mr Tank's addition to Howard, the Improvement Co. have erected the frame for a portable steam mill, with one saw, principally for getting out ship timber.

About six miles east of this city, Messrs. Lathrop & Mooers are putting up a steam mill, to have one upright and one or two small saws.—They are the pioneers in putting their mill in the centre of their pine, and drawing their lumber to market, instead of their logs, on a plank road, which they are to build next summer.

On Duck Creek, Messrs. Tyler & Arndt are putting up a portable steam saw mill, circular saw, which is said to be a very superior one.

At Depere, Messrs. Morgan & White are preparing to put up a steam mill. A new water mill is also nearly completed there, which, with a large four story machine shop, now ready to receive its machinery, will make valuable additions to the already numerous mills and factories in our beautiful sister town.—*Green Bay Advocate.*

Lake Superior Trade.—Within a short time, C. H. White has sent through from this city to Carp River, Lake Superior, four two horse sleigh loads of provisions, &c. Two of the teams have since returned to reload, and bring word that the produce sent through found a ready sale at enormous prices. On Friday of last week, Mr. Gravernet, a gentleman extensively engaged in the Iron Mines at Carp River, arrived in town with three teams, loaded them with provisions, and started on Monday for home. These teams each draw through about thirty-five hundred pounds, and make the trip to Carp River in about five days. On their return they bring many passengers from the Lake Superior country, all of whom speak of the route as being *the* most favorable one for a Railroad. The company of men who build a railroad from this point through to Lake Superior, ensure a princely fortune, as well as erect a monument to their names that will be handed down to posterity for all time to come.—*Green Bay Advocate.*

Preparing for War.—The recent rumors set afloat by the Washington correspondents of the New York papers, of a suspension of friendly intercourse between the United States and Great Britain, have alarmed the good people of Canada, and they are making preparations for war. The Rochester *Union* is informed by a gentleman direct from Toronto, that fourteen loads of ammunition are now on the road from Kingston to Toronto. Each load is drawn by four horses, and Mink, the stage proprietor, is to receive $1200 for transportation service. This looks warlike—as if the people of the province were alarmed.—The transportation by land such a long distance is unusual, and must cause some excitement among the people along the frontier towns.—*Free Press.*

Railroad Meeting.—The Corporators of the Milwaukee & Beloit Railroad met at East Troy on Saturday last. Deputations of citizens from Milwaukee, Waukesha and Walworth Counties, were also present. The neighbor Village of Delavan was very largely represented.

The Meeting was organized by choosing Levi Lee, President, and A. O. Babcock, Secretary.

After an interchange of sentiments and views, Messrs. S. C. Kelsey, of Delavan, and J. D. Reymert, of Muskego, were appointed a Committee to open books and take stock subscriptions, and report their action at the next meeting.

The meeting adjourned to meet again on the twentieth of March, to hear the Report of the Committee, and to call a meeting of stock-holders, to organize the Company.—*Elkhorn Ind.*

A Western Lady.—Miss Mary Jane Gravernet arrived in this city on Friday last, from Lake Superior, being the *first* lady who has ever had the courage to attempt a journey, overland, from that far off region, in the winter. She came through with a horse and sleigh, in company with her brother, on a visit to friends in this city, and left for home (Carp River) again on Tuesday morning. What would our eastern ladies say to taking a pleasure trip, in the middle of winter, over 200 miles, the most of the way over an unbroken track, through a dense forest or on the margin of a great lake. We think it must require stout hearts and strong nerves.—*Green Bay Advocate.*

WISCONSIN ANNUAL REGISTER.

WE have just put into the hands of our compositors the copy of a work which should be in the hands of every citizen of Wisconsin, and should be largely circulated abroad.

The Wisconsin Annual Register will contain from 80 to 100 pages, printed in a neat, though cheap pamphlet form, and will contain, among other interesting items, the following:

Almanac for 1856.

Description of Wisconsin—its Boundaries, Surface, Products, Commerce, Manufactures, Climate, &c.

The Counties—their boundaries, dates of organization extent, county seats, &c.

Lists of State officers from the beginning. Annals of the Legislature, giving complete lists of members. County Officers for each County.

The Judiciary—the Judges, Districts, Election of Judges Terms of Courts, &c.

Vote for President in 1848 and 1852.

Votes cast for Governor, by counties, from the first.

Commercial tables.

Aggregate valuation of property by counties from the beginning, including 1855.

List of Presidents and Vice Presidents, and population of the United States in 1850.

Census of Wisconsin from 1836 to 1855; comparative table for 1850 and 1855.

Congressional Elections, by counties; and much other valuable statistical information.

The matter for the work is prepared by John W. Hunt, Esq., Ass't Secretary of State, author of the Gazetteer of Wisconsin, &c., and may be relied upon as accurate. Liberal arrangements will be made with booksellers and agents for the sale of the work.

Price 50 cents. Any person remitting 50 cents will receive a copy by mail *post paid*. Address

☞ For the benefit of the invalid portion of the community, we extract the following from the Almanac of Dr. C. M. Jackson, proprietor of *Hoofland's German Bitters* hoping it may induce a trial of them:

Shelbyville, Ill., March 19, 1855.

J. C. NILES says:

"I expect to sell great quantities of your bitters this year Many of my customers speak very highly of its good qualities, having proved itself most an *excellent Fever and Ague preventative, a great purifier of the blood*, and the very best thing on record to aid digestion and create a good natural appetite. In short, I am sure it is one of the very best medicines known for family use, being safe and pleasant for any one to take."

C. L. D. CROCKWELL says.

Anamosa, Iowa, May 1, 1854.—"The Bitters give unbounded satisfaction to all that have used them, and I do and can always recommend them to all that are afflicted. They have cured many cases of Dyspepsia, some of them where hundreds of dollars have been spent for remedies which afforded no relief, and were considered incurable until they used the Bitters." Building Lots in Bradley & Metcalf's Addition.

WE ARE NOW offering for sale at the southern extremity of the city some of the most finally situated sites for residences to be obtained in Milwaukee. Extensive views of the bay, harbor and surrounding country may be had from many of the lots, and for health, purity of air and water, and general eligibility of location, are not equalled in the city. A portion of these lots are rendered still more desirable from the fact of there being on them a great variety of the choicest fruit trees many of which, having been planted by a former proprietor, have now attained their full size, and are annually earing large crops of the most delicious fruit.

Strangers and others desiring a location for a dwelling possessing the advantage above named, may learn further particulars by applying to

Letter from Hon. John Minor Botts, of Virginia.

Richmond, July 9th, 1855.

Messrs. Wm. S. Beers & Co.,

Gentlemen:—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARTER'S SPANISH MIXTURE, for that almost incurable disease, Scrofula.

Without being disposed, or deeming it necessary, to go into the particulars of the case, I can say that the astonishing results that have been produced by that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted, and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control. Respectfully yours,

Jan23 JNO. M. BOTTS.

Police Court, February 9.

A fred Bauth was fined $2,00 and costs for violating the bridge ordinance, and $10 for resisting Policeman Garity, while in the execution of his duty.

Mr. Smith, when arrested by the policeman, who told him he was an officer, instead of quietly submitting to the arrest, and paying the penalty and going home, struck the officer, and afterwards in the Watch House made threats that if he was fined, or punished, the Policeman must look out when he was released; the result was that he was put in irons, and the next morning taken before the Police Justice and fined as above.

G. Pollock & Co. plead guilty to having two quails in their possession, waived a trial, and paid the penalty of $10.

Jacob Moller, Bernhard Keller and Andrew Reeve were each fined $5,00 and costs for violating the ordinance relating to the sale of game within the city limits after the first of February.

Patrick Gorman, for beating his wife, blacking her eye and bruising her face, was convicted and sent to jail for thirty days.

COMMON COUNCIL.—This body met Saturday evening. The principal business done was the allowance of sundry accounts; the appropriation of $70 to each Fire Company, for keeping up fires during the winter, in the Engine Houses, and towards expenses of the past six months; the confirming of a contract for a new Engine for No. 3; and the report from the select Committee, on Abel Hawley's contract for dredging the river, adverse to allowing the account, and concluding with the following preamble and resolution, which were *adopted*:

Whereas, Abel Hawley has neglected to perform his contract made and entered into with the City of Milwaukee for the dredging of the Milwaukee River.

Resolved, That the City Attorney be, and he is hereby directed to investigate the extent of the liability of said Hawley, and his bail for the non-performance of said contract and to institute legal proceedings against said Hawley, and his sureties, to recover damage for the non-performance of said contract, and the monies paid on said contract.

CIRCUIT COURT.—The February term of the Circuit Court commences this morning, the Grand Jury and Petit Jury are both summoned to appear. The Criminal Calendar is by far the largest ever presented to a Grand Jury in this County. There are three cases of murder to be tried, about thirty five cases of larceny and several other crimes.

As the Legislature is now in session, it would be a good time for his honor Judge Hubbell, or the Grand Jury, acting upon [illegible] their own ideas, to make whatever suggestions they may deem necessary to improve the present system of criminal procedure. Coming from either the Judge or the Grand Jury, suggestions would receive, as they would be entitled to, the greatest attention of the Legislature. We trust that the subject of a Recorder's Court will be [illegible] thought of, and recommended.

THE GAME LAW.—It will be seen by a reference to our Police Report that the Game Laws are being enforced, and that the Police of the city will follow up [illegible] without fear or favor we have no doubt. It would perhaps be well to notice the fact that the fine [illegible] in the first case, was "*for having it in his possession.*" A party need not sell it, or offer it for sale, to make him liable to the penalty, but when found in possession of any game, he is liable to prosecution. A rigid enforcement of this law is the only way to protect the game of the State, and to prevent its total extermination by being caught, or killed and sold out of season.

DETENTION OF TRAINS.—The detention of trains on the Mil. and Miss. R. R. Friday and Saturday was owing to the breaking away of the dam at the outlet of Pewaukee Lake, and consequent flooding of the Fox river along the line this side of Waukesha, the track being covered by a freshet bringing down masses of ice, fence rails, &c., and covering the track from 6 inches to 1 foot in depth. That Jordan was a hard road to travel on Saturday, but with Superintendent BRODHEAD and Conductor [illegible], and the rest of them, there was no such word as fail. It is hoped that the flood will have subsided to-day.

CITY FINES.—The amount of fines paid into the Police Justice during the week ending on Saturday was $[illegible], exceeding considerably the entire expenses of the Police force. We doubt if another Police force can be found in the United States or the world, that pays its own way, without being a tax upon the property holders of the city.

VESSEL SALE.—The Schooner *D. O. Dickinson* has been sold by DANIEL NEWHALL, to BELL & BEAN, for $[illegible]. She was built about three years ago.

CITY LAND OFFICE.

Saturday, Feb 9, 1856.

Below you have a correct list of property sold the last week, as per Recorder's office. I would remark that the majority of the sales are made to those who intend to reside with us. Several lots reported have improvements on them. There is a steady and quiet demand for eligible dwelling lots, and a great demand for house property, both to purchase and rent. I would again say to those who have not yet secured themselves a house, to be about it.

GALLERY!

NO. 221 1-2 EAST WATER ST., (Empire Block) to examine their beautiful and finished specimens of Photographs, Ambrotypes and Daguerreotypes.

Mr. Horn is a Painter by profession, and invites public attention to his style of painting Photographs. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the masters in their delicacy and richness of coloring, far surpass them in exactness of definition and PERFECT FIDELITY TO FEATURE, expression and nature.

Friends, relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to be all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on ivory.

Particular attention also paid to Ambrotypes and Daguerreotypes, and

STATE OF WISCONSIN, }
SECRETARY'S OFFICE, } ss.

Satisfactory evidence having been furnished to me that the Massachusetts Mutual Life Insurance Company, being an Insurance Company, incorporated by the state of Massachusetts, is possessed of the Actual Capital required by the seventh section of an act, entitled "an Act to provide for the incorporation of Insurance Companies," approved February 9th, 1850.

Now, Therefore, in pursuance of the Act aforesaid, I John W. Hunt, Assistant Secretary of State, of the State of Wisconsin, do hereby certify that Lucius Cummings, if he be duly authorized by said Company, may take Risks, Receive Premiums, and transact the business of an Insurance Agent for said Company in this State, from this date until the thirty-first day of January next.

In witness whereof, I have hereunto set my hand, and affixed the Great Seal of the State, at the Capitol in Madison, this 15th day of August, 1855.

JOHN W. HUNT, Ass't Sec'y of State.

Capital and accumulations of the above named Insurance Company, $200,000, all paid, and invested according to the Laws of Wisconsin, (as the above certificate shows.) The accumulations are to be divided every five years, as provided in the charter of the Company, which is *perpetual!*

The Company having complied with the Law of Wisconsin, and established a Branch Office at Chicago, Ill., (it being practically a *Home Office* of the West, where they write Policies, Pay Losses, and transact any business pertaining to the Home Office.

LIABILITIES.

Unsettled claims for Losses and not due $175,082 47

The Ætna Insurance Company presents its patrons the very satisfactory condition, of a large increase in Cash Assets, for the further security of their policies—all our investments being placed at the minimum market value, at the present time of some depression in the standard of same. They are either prime dividend paying stocks, or good, valuable and clean investments, yielding moderate interest and income. The standard basis on which the Assets have been valued, being *Gold at interest.* Besides this solidity, the Company calls attention to the strength and security it derives from its combined system of Agencies, through its agents having the means of presenting a united phalanx of *experienced Underwriters*, which has worked, for thirty-seven years, the happiest results to stockholders, and claimants for losses—and enables it to enter the year 1856, with greater prestige for future usefulness, than has yet been reached by a really *National* Insurance Corporation.

All business attended to with despatch and fidelity.

PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr. E. T. HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr. Hurlbut's capability is from the director of the celebrated Germania Musical Society:

Ann, March 27, 1855.

It is with much pleasure that I commend Mr. E. T. Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner, would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned; but the greatest recommendation for him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Hurlbut, and as cheerfully recommend him to all who want Pianos tuned.

Later from Europe!

ARRIVAL OF THE PERSIA!

Breadstuffs Declining—Consols Higher.

HOSTILITIES TO BE SUSPENDED IN CRIMEA.

NEW YORK, Feb. 9th.

Persia arrived at her dock at 10 A. M. Left Liverpool on the 26th, bringing London papers of Friday, and telegraphic despatches of Saturday.

Steamer Belgique came near foundering at sea, having sprung a leak 700 miles west of Lizard, and only by united exertions of passengers and crew she was kept afloat until reaching Southampton, when it was found she had from four to six feet of water in her hold, and one boiler burnt out.

Steamer Arago arrived at Southampton midnight of the 25th.

Kelly & Gilmour, merchants, failed.

Chances in favor of speedy pacific settlement are on the increase.

Russia's sincerity is as much questioned as on former occasions, but appearances are all fair, and straight forward.

The Czar has ordered his army in the Crimea to cease hostilities without waiting for formal armistice, although it is rumored that an armistice is agreed on for three months.

France, England and Austria continue in accord, although it is foreseen that grave questions must arise pending negotiations. No place of meeting yet decided.

A dispatch to-day of doubtful authority, says it will certainly be either Paris or London; also the Baron Brunow will be Russian plenipotentiary, and will be on February 2d, at least before all preliminary signatures are appended to agreement to meet.

Meantime Consols keep up. They had reached 91, but closed 90¾a90⅞. Money slightly easier, but rates unchanged.

Richardson, Spencer & Co. report cotton on the day of the Pacific's sailing brisk, since then steady, and closed one-sixteenth of a penny over the last five days quotations.

Flour—slow sales, western canal at 40. Ohio 42. Wheat rather improved demand; 10s10da 11s3d; red 11s9da12s; white indian corn 6d lower; mixed and yellow 35s6d; white nominally 40s.

Provisions quiet; little change. Lard dull; nominal, 65.

Baring reports iron in demand; £8a8 5s for bars and rails, pig 76s.

American stock improved; demand dearer.—Bullion has increased £500.

The latest London Daily News learns on undoubted authority that preliminaries of treaty will be signed probably before Tuesday—certainly before meeting of Parliament. An armistice will be constituted after singing preliminaries, and negotiations with view to finally compromise treaty, will be commenced immediately. It further learns that it is the determination of the Allied powers to exercise the full extent of the right reserved to them by the 5th article of the Austrian proposals, to bring forward additional stipulations for the general interests of Europe.

Despatches from Berlin state that the peace proposals were strongly supported at St. Petersburgh, by Holland.

Daily News city article says the funds to-day experienced unfavorable re-action, falling half per cent., but after so marked a rise as that lately witnessed, a partial decline is not surprising.

The chief depressing influence appears to rest with continued sales on government account.—The Bank of England having made large advances to government sells stock for the latter, and thus draws notice issued in payment, dividends opening to demand for money against these sales, and meet to-days final installment too in Turkish loans. The money market in stock exchange was rather stringent. Lenders could easily get 6 per cent. on good securities. Out doors, however, there was no tightness. The London Times intimates that Lord Clarendon will represent Great Britain at the conference which will probably be held at Frankfort, after preliminaries of peace are signed. Baron Brunow and Count Orloff will appear on the part of Russia.

NINE O'CLOCK REPORT.

Details by the Persia.

NEW YORK, Feb. 9.

The *Times* Vienna correspondent states on the 21st that the most strenuous efforts are now being made to conjure England not to insist on Russia's disarming the eastern coast of the Black Sea. In diplomatic circles complaints are made of the inconceivable obstinacy of Sir Hamilton Seymour in this matter and it may therefore be concluded that he does not consider it advisable that Great Britain should obey the behests of a power which will largely partake of the profits without having shared one of the dangers. The *Post* Paris correspondent writes on Thursday eve that the Vienna journals confirm the news from St. Petersburgh, that orders had been sent to the Crimea to suspend hostilities. The London *Post* Paris correspondent says that in all probability Paris will be fixed upon for the Congress as the Emperor would be so near at hand, and Lord Palmerston could attend personally, thus creating confidence in France and England.—France never better prepared for war or more determined not to suspend hostilities until the objects to struggles are fully ensured whilst the utmost accord continues between the Cabinets of London and Paris.

PARIS, Friday.—It is asserted, that the French government had proposed London as the seat of conference, but that the English Cabinet prefer they should be held at Paris, and that Russia has selected Baron Brunow as her plenipotentiary, having first ascertained that the selection met with no objection on the part of France and England.

ITALY.—The Times Turin correspondent writing on the 20th ult., says that the official Gazette of Verona and Milman are by no means inclined to place much faith in peace resulting from acceptance by Russia of the Austrian propositions. The same correspondent states that since the ratification of the Austrian concordat the Tuscan clergy have assumed great pretensions, and every thing tends to indicate a similar convention between Tuscany and Rome before long.

The Globe says that Parliament will be opened by Her Majesty in person. The address to the Lords will be moved by Earl of Gosford, and seconded by the Earl of Addington.

THE EAST.—We have received the following by the Thabas, which arrived at Marseilles on Thursday: Conferences had been held at Constantinople with regard to the first and fourth points, relative to principalities.

The firing continues on both sides of Sebastopol. The allies had burned up three of the docks. The Russians had taken up winter quarters at Simpheropool, Baksehiserai and Kinburn. They had 30,000 men between Petroska and Otschkoff, and fears were entertained of an attack on the fortress. The garrison had been reinforced. The flotilla was frozen in, but would aid in the defence.

Gen. Vivian, fearing to be attacked at Kertch, has called for officers of infantry and artillery from Constantinople. Mr. Murray had given in an ultimatum. He left an agent at Teheran, in spite of some resistance, and threatened to support him by an English fleet in the Persian Gulf. The Journal of Debates publishes a letter from Berlin, dated 21st ult., which states that in Cabinet Council held that day, at which the king presided, it was decided that Prussia should take no initiation in reference to the participation of Prussia in the peace conference, and should make no concessions susceptible of changing her actual position. Acceptance of the Austrian propositions has been published officially at St. Petersburg. The announcement states that the chief condition is the neutralization of the Black Sea, to be secured by a treaty, Russia and Turkey being left to discuss the other points.

It is stated in diplomatic circles that Austria considers the working of the position entitles Russia to maintain all existing fortresses on the Black Sea. Further—it is rumored that the allies intend to maintain an army of occupation in Turkey until the reforms in favor of the Christians are firmly established. This proposal is extremely distasteful both to Turkey and Russia, and Austria proposes to maintain her army in the Danubian principalities so long as the French and English occupy Turkey.

It was stated, but afterwards contradicted, that Marshal Pelissier, Gen. Codington and Omar Pasha, had, like Gen. Gortschakoff, received orders from their respective Governments, to stop hostilities. Such orders will not be sent till armistice be formally concluded. It is hoped such an armistice may be signed on or about the 2d of February.

The Globe, the Palmerston Organ, of Friday, Jan. 25th, announces in a leading article that the warlike preparations of the British government are proceeding as if no pacific intimation had been received within the last few hours.

It says a requisition had been sent for transport accomodation for 4000 horses and nearly 60,000 tons of shipping. Lord Palmerston while greeting cordially the advances of peace will carefully provide for a possible failure in diplomacy.

AFFAIRS IN THE CRIMEA.—Accounts from the Crimea to 4th of January, mention no facts of the least importance. The cold was intense and the sea had frozen along the coast but particularly in the roadstead of Sebastopol. The ice, however, disappeared. The men who suffered most were the porters and laborers recently arrived in the Crimea not yet used to the climate. The cannonade from the north forts continued uninterrupted. It is remarked that recently the Russians have fired large shells into Sebastopol, whereas they formerly threw only balls. Hence it is inferred they have received fresh supplies of material. The fire on the city does not much damage, but was directed with a sagacity that shows they have accurate information of all movements of the allied camp.

Kertch letters, dated Dec. 9, mention that although locked in by ice, the garrison of Kertch and Yenikale want for nothing—fuel was the only article at all scarce. A deep fosse had been dug, and a parapet twelve feet high raised around the town of Kertch, and the defence of St. Pauls and Yenikale, within which the troops are held. A rumor had reached that Gen. Wrangle had been reinforced at Arabat and Midell, and meditated an attack across the ice. All the officers of the artillery of the Anglo-Turkish Contingent are ordered to quit Constantinople and join their corps at Kertch.

Advices are received from Liberia to the 18th of Dec. The natives were giving trouble to both the American and English settlements. A serious disturbance had occurred at Sinon between the natives and the English authorities. Several native towns had been burned by the English.—President Roberts, with the British consul, left Monrovia on the 26th of November, and arrived at Sinon on the 27th, when they went on shore and found that several of the Liberia people had been murdered. The president and consul returned the following day to Monrovia with several European ladies in the steamer, and a volunteer corps has been raised to dispatch immediately to Sinon by the American schooner George. An attack was also expected on Cape Mount.

NEW YORK MARKET.

NEW YORK, Feb. 9.

FLOUR—Very little doing in flour. Shippers did not receive their letters per Persia until after the Corn Exchange had adjourned. Market quiet but firm, sales 3200 bbls at 7,37a7,62, for common to choice state 7,75a7,80, for extra do 7,87a7,75, for mixed to good Michigan 7,87½a8,25, for fancy to low grades extra Western, and 7,75a10 for superfine to extra Canadian. Rye flour and corn meal nominally the same.

GRAIN—Wheat and Rye unchanged with no sales of magnitude. Holders pretty firm.—Shippers not in the Market. Home trade will only buy to a very moderate extent. Corn dull and 1a2 cents lower, supply and demand limited.

The Kansas Troubles.

ALBANY, Feb. 9.

The following communication was sent into the Assembly to-day by the Governor.

LAWRENCE CITY, Kansas, Jan. 21st.

To his Excellency, Gov. Clark:—Sir—We have authentic information that an overwhelming force of the citizens of Missouri are organizing upon our border amply supplied with artillery for the avowed purpose of invading our territory and our towns, and butchering our free citizens. We hope to be able to hold out until assistance reaches us; and we respectfully request on behalf of the citizens of Kansas that such steps may be taken by the people of the States as humanity suggests to prevent the success of inhuman outrages.

Signed, J. H. Lane, Chairman of Executive Committee; K. Robinson, Gov. elect of Kansas; J. W. Detzen, Secretary.

Mr. Pendergast made a motion to refer to a special committee. The reading of the document caused much excitement in the House. Mr. Sill asked who Gov. Robinson was. He thought quite a different person was Governor of the Territory. Mr. Dugane favored a special committee. Without disposing of the question, House adjourned.

NEW YORK, Feb. 9.

The Kansas call for aid was presented by Gov. Chase, to the Ohio Legislature on the 5th instant, accompanied by a message referring in strong terms to the repeal of the Missouri Compromise, and the disturbance growing out of the repeal. The message was ordered to be printed, as were also a series of resolutions offered by Mr. Caldwell, calling on Congress to interfere in behalf of Kansas.

Arrival of the Tennessee.

NEW YORK, Feb. 9th.

The Steamer *Tennessee*, arrived from Laguira, St. Thomas, 1st inst.—Cholera had entirely disappeared from province Carracas, but was committing awful ravages in other provinces. Political affairs quiet. No sickness at St. Thomas, but reports state cholera was raging with terrible fatality in Porto Rico, from November 21st to Jan. 3d. There had been 12,500 cases, of which 5,200 proved fatal.

The barque Amelin, recently seized at Port an Prince by American government, put in St. Thomas, leaking.

The Pacific—Gen. Cass.

NEW YORK, Feb. 9.

Strong apprehensions are felt here that some disaster has happened to the steamer Pacific, which left Liverpool on the 23d. Her agents have decided to despatch a steamer in search of her.

A dispatch from Washington states that Gen. Cass is much improved, and is pronounced out of danger.

For Nicaragua.

NEW YORK, Feb. 9.

The Star of the West sailed this P. M. for Nicaragua with about 700 passengers, the great bulk of whom, it is asserted, will join the Walker party. The U. S. Marshal and Deputies went aboard the steamer just before her departure, but no arrests were made. Among her passengers were Messrs. Morrison, Lester and Mate, who were arrested at the time the Northern Light was detained.

NEW YORK, Feb. 9.

Steamer Fulton for Havre, sailed to-day noon. She takes out fifty passengers, among them, Madam Rachel, and nearly $80,000 in specie.

NEW YORK, Feb. 9.

PEACE NEGOTIATIONS.—London, Friday.—The Times correspondent writes a private letter dated the 17th inst., stating that the Czar has decided formally that the Austrian propositions were to be the basis of ultimate pacific negotiations for the present, may be considered as true. Preliminaries of peace among the diplomatic body and court of peace was regarded an inevitable and unconditional acceptance of the propositions and produced considerable sensation in that capitol. With the exception of the officials, this sudden return to pacific ideas was generally badly received, not merely by the old Muscovite party, but by the mass of the people.

The popular fanaticism had been roused to such a pitch after the fall of Sebastopol, that at the present time it is a work of difficulty to make them accept a political arrangement necessary or desirable for Europe. The public mind was greatly agitated, and an outbreak would not be surprising.

WASHINGTON, Feb. 9.

Cullom, clerk of the House, has appointed W. P. Ingraham, of New York, Chief Clerk.

Railroad Accident.

ROCHESTER, Feb. 4.

The weather in this locality during the past forty-eight hours has been colder than at any time this Winter, the thermometer ranging from zero to 17 deg. below. There has been quite a chapter of accidents on the various railroads on account of the heavy snow drifts. The mail train which left here on Saturday afternoon for Niagara Falls was thrown from the track at the Suspension Bridge, injuring Messrs. Dixon and Waters, conductors, and Sherwood, a baggage-man. The train due here last evening from the Falls was thrown from the track near Spencerport by breaking of a driving wheel, and remained in this predicament all night. Two engines started for their relief this morning, but had not proceeded far before they also were thrown from the track, and no communication has yet been had with the disabled train.

The passenger train which left here yesterday morning drawn by two engines had proceeded but 2 miles when the forward engine was thrown from the track by the accumulation of ice. The express train due here at 7:45 yesterday morning, from Syracuse was thrown from the track 7 miles east of this city.

The trains on the Genesee Valley Road are all behind time.

Up to 5 P. M. to-day, the trains from the Falls had not arived here, and passengers who came on foot say the chances are that none will arrive for the next 24 hours.

They also report the laborers in a suffering condition, some with frozen faces, and others with frozen hands with the skin rubbed completely off.

The trains on the new road between this city and Syracuse arrived about noon to-day. On the old road nothing had arrived or departed—that road being completely buried in the snow.

The plank roads leading to the city are completely blocked up; and in some places for miles in length the snow is from ten to fifteen feet deep and drifted.

Fatal Occurrence—Shot by a Spring Gun.

KEYPORT, N. J., Monday, Feb. 4.

A young man named Elisha Bogle was found dead on the ice, alongside the sloop *Dasty Miller*, at Keyport Dock, this morning. The sloop had been robbed on Friday night, and the Captain, William Crane, had set a loaded gun in such a position that the opening of the cabin slide would discharge the contents into the legs of the person opening it. Bogle had apparently stooped when pushing back the slide, the entire charge of buckshot entered his heart, killing him instantly.

LARIGO'S

ENGLISH AND MERCANTILE

ACADEMY,

No. 40 Wisconsin Street, Milwaukee, Wisconsin.

THE PRINCIPAL RESPECTFULLY informs the Public that the next Term of his School commences, Monday, Jan. 21, 1856.

SPRING TERM commences Monday, May 11th, 1856.

This Institution, having been five years in active operation, is permanently established and its prospects still encouraging. It is pleasantly situated in the centre of the City, the building having been enlarged and much improved, has ample accommodation for students of both sexes who wish to acquire a complete ENGLISH and COMMERCIAL EDUCATION.

N. B. Book Keeping, Writing and Arithmetic, are thoroughly and efficiently taught by Prof. LARIGO. Gentlemen conversant with business may obtain a masterly knowledge of DOUBLE ENTRY in two or three weeks. He has opened his EVENING SCHOOL for students in Reading, Writing, English Grammar, Book Keeping &c. For further information see Circulars.

ANOTHER TRIUMPH OF HERRING'S SAFES.

MR. SILAS C. HERRING—

Dear Sir:—The safe I bought of you, nearly two years since, has "turned up" all right. We dug it from the ruins in the cellar yesterday. The safe was in the back part of the fourth story of "Totteral's Building," corner of Fifth and Chestnut streets, in the height of the fire of the 15th inst., and fell with the burning timbers a distance of 40 feet. It contained all my books and papers. Not a thing was saved on my premises except the contents of your safe, which effectually resisted all the "the fury of the flames." I am now using the same books and papers.

Yours, truly,
THOMAS W. PRICE.
84 Walnut st., Philadelphia.

LANSING BONNELL, 89 and 91, East Water street, has all sizes from 800 lbs at $100; to 4000 lbs. Bankers' Safes, with Hall's powder proof, and Jones combination locks.

WILDER'S PATENT SALAMANDER

SAFES.

THE BEST FIRE-PROOF SAFE in the World, Depot No. 122 Water St., near Wall St., New York. The thousands of Certificates from Merchants, Bankers and Mechanics of all trades, that have been given in favor of this, the only true "SALAMANDER," renders it useless for the subscribers to multiply words in its favor, as full twenty-five thousand of "WILDER'S PATENT SALAMANDER SAFES," have been manufactured and sold in the United States; and in almost every large fire that has taken place during the last ten years, these Safes have been subjected to the severest tests, and not one of the "Genuine Salamanders" has ever been destroyed.

THE EAGLE

STEAM FOUNDRY!

—OF—

TURTON & SERCOMB,

296, 298, 300, 302 and 304 West Water St.,

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State,

the Proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for EASTMAN'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

NOTICE TO ICE CONSUMERS.

THE UNDERSIGNED, the oldest ICE trader in the City of Milwaukee, would inform the Public that he, as usual, will cut his Ice in the neighborhood of the Harbor, in order to procure the clearest and best Ice; and also that he will place around the holes which he cuts in the Ice, blocks of Ice as a fence, that everybody may be warned from danger. The cutting will commence about the First of January.

If the Common Council will appoint an overseer, I should have no objection, and I would even pay the expenses should it be required.

I am confident that the Public will appreciate my endeavors to serve them with the best Ice, at the same time guarding them from danger.

BACON'S

MADISON MERCANTILE COLLEGE.

(*Branch of Bacon's Mercantile College Cincinnati, O.*)

No. 13, Bruen's Block, Madison, Wisconsin.

THE undersigned respectfully announces, that he has taken a Room in the above named block, [until his new College Edifice, which is in course of erection, corner of Mifflin and Pinckney streets, is ready for occupancy,] and will open his MERCANTILE COLLEGE on

Monday, January 14, 1856.

The plan adopted in teaching, combines practice with theory; instead of using Text Books the pupils are exercised in making original entries of every day business transactions—Journalizing, Posting, Balancing Accounts, Opening and Closing a great variety of different Setts of Books, both for Partnership and Individual Business, where the business has been prosperous and adverse—and thus qualifying the student for entering into the *practical* duties of the Accountant, in any kind of business.

CONFECTIONERY & TOY SHOP,

AT

WHOLESALE AND RETAIL,

BY

HERSCHEDE & SCHENDT,

No. 131, Corner of East Water and Huron Streets.

WE have now completely furnished, and very much enlarged our new store, with all the articles belonging to our trade. Our confectionery has had the very best reputation, which we will try to keep for all future; and so we will recommend them to ball-givers and hotel keepers, for all festivities of the season. Our stock of toys has been selected at New York, by Mr. Schendt himself with the utmost care, and cannot be beaten by any competitors in Milwaukee, in regard to cheapness, quality and fashion.

By completing our new building we have gained a great deal of space, and intend to use the first story—the present storeroom—for the Retail trade, and the second floor for the Wholesale business.

Almonds, Nuts of all kind, Prunes, Raisins, Currants, Citron, Dates, Fresh Sardines, etc., at Wholesale & Retail, also Toys from 2 cents to $10 apiece, for sale at Milwaukee, Oct 20. HERSCHEDE & SCHENDT,

LIFE AND DEATH,

THE

Mysteries of Disease Laid Open to the People.

Health is the Principle of Life.—Disease is the Principle of Death.

The R. R. R. Remedies possess the great power to secure to the human system health and long life, and free the human family from pains, aches, and all bodily infirmities.

THE ART OF PRESERVING HEALTH AND THE METHOD OF CURING DISEASE

BY THE R. R. R.'S.

RADWAY'S READY RELIEF

IS TO BE USED in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds, &c., quicker than Morphine, Chloroform, Veratrine, or any other anodyne or remedy that has ever been used by medical men.

It is safer than these dangerous remedies. The public will bear in mind that Chloroform, Morphine, Opium, &c., only stifle the pain by stupifying the senses, so that the perceptive faculties lose the power of feeling, and that after the influence of these pass off the pain again breaks forth with its terrible pangs, with renewed violence.

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it; it infuses new life into the weak and diseased parts. It braces the nerves, and establishes in the system a reaction of health and strength, in the place of pain, weakness and disease.

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is any inflammation or congestion, it will instantly scatter the congested blood, equalizes the circulation, and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism in their most terrible forms, where an application of Radway's Ready Relief will restore the patient ease and comfort.

Crippled with Rheumatism, Arm and Leg perished—No hopes of his recovery—Timely use of R. R. R.—A wonderful cure.

LETTER FROM ISAAC HUDDLESTONE.

Rapide Parish, La., June 10th, 1855.

Messrs. Radway & Co.—Radway's Ready Relief has cured Peter May of Rheumatism, when there was no hope of his ever recovering. I heard of his situation and I sent for him. His right arm and leg was all perished. He had no use of them at all; but by the use of your medicine, in two months he was carrying the mail from Cherryville to Burr's Ferry. I objected. He said he must do something for a living. It has been fourteen months since he was cured. He is now well and working on his farm, and the whole cost of your medicine was five dollars.

CARTER'S SPANISH MIXTURE

THE GREAT PURIFIER OF THE BLOOD!

THE BEST ALTERATIVE KNOWN!!

NOT A PARTICLE OF MERCURY IN IT!

An infallible remedy for Scrofula, King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Ague and Fever, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Enlargement and pain of the Bones and Joints, Salt Rheum, Stubborn Ulcers, Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and joints, are speedily put to flight by using this inestimable remedy.

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the DISEASES OF FEMALES it is peculiarly applicable, and wherever it has become known is regularly prescribed with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn-out frame, clears the skin, and leaves the patient fresh and healthy; a single bottle of this inestimable remedy is worth all the so-called Sarsaparillas in existence.

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE. (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED.) The limits of an advertisement will not admit their full insertion.

AYER'S PILLS.

"*Wisdom shall bow down to it, and the great of the earth shall kneel before it.*"

Never could this be said with more truth, than it now applies to this remedy for affections of the Throat and Lungs. The exalted in learning and power acknowledge its supremacy, while both the little and the great can feel its benefits. The liberal-minded among those skilled to cure are free to own its mastery over distempers which have baffled their art. Those of exalted stations are not ashamed to testify to its virtues, but deem it a duty, and a pleasure to thus hold out the lamp of their experience to their suffering fellow men.

Witness the following:

(Translation.)

Vermillionville, La., April 1853.

Mons. le DR. J. C. AYER:—I have of late made frequent use of your CHERRY PECTORAL in my practice, and am happy to inform you that in no case yet has it failed me. I have made some signal cures of Laryngitis and Bronchitis with it, and have completely cured one case of Asthma, which has withstood every other medicine I could employ. Accept, sir, the assurances of my distinguished consideration.

JULES CLAUD GOUGUET, M. D.
Late Surgeon of the Royal Marine, France.

Extract from a letter of our Minister at the Court of the Sublime Porte.

Legation of the U. S. A., Constantinople, Turkey.

DR. J. C. AYER, DEAR SIR:—The CHERRY PECTORAL received from you for the Sultan has been delivered to his private Secretary at the palace, and you will, doubtless, hear from it in due season. That you were so kind as to send me has been given to friends, who have in many cases, found it exceedingly useful.

Yours Respectfully, GEO. P. MARSH,
Minister Plenipotentiary of the U. S. A. to Turkey.

Curacoa, March 5, 1852.

DR. J. C. AYER:—I use your CHERRY PECTORAL daily in my practice, and am satisfied it is a remedy which must meet in every country the highest approbation.

MEDICAL.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c.

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicates any of the above named diseases, and leaves the sufferer without a blemish. These medicines are too well known to require anything, more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South, of the wonderful cures they are preforming.

See what is said by those who have used these medicines:

The Rev. Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas."

Capt. William Vail, of the steamer Granite State, says: "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores; is now perfectly cured by the use of the Syrup and Cerate."

Dr. A. J. Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate."

Rev. August Eolles says "it has cured the Salt Rheum in my leg."

J. Hatfield Fraser, Esq., editor of the Somerset Whig, Somerville, N. J., says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians."

Hon. Joel Loomis, of East Lyme, Conn., says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy-eight years,) but Weaver's Syrup and Cerate did the work at once."

Elias Latham, Esq., of Orient, Long Island, N. Y., says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev. J. S. Swan, of New London says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success.

Ask Seth Prisbery, of Taunton, Mass., what the medicines will do; ask William Barber, of Three Mile Bay, Jefferson Co., N. Y., what the syrup has done for him; ask G. F. & W. B. Boynton, of Perkinsville, Vt.; ask F. L. Kent, of Chicago, Ill.; ask Martha Cottle, of Martha's Vineyard, Mass; ask Wm F. Reahles, or Wm. P. Benjamin, Esq., of New London; ask Dr. R. M. Murdock, of Pulaski, N. Y.; ask J. C. Smith, of Brooklyn N. Y., who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate; ask Curtis Burrough, of Shelby, N. Y., who has been cured of a severe case of Salt Rheum; ask Chas. Akin of Home, N. Y., what the Syrup and Cerate will do for sore legs; ask Winslow and Slasser, Merchants, Virgil, N. Y., what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following:

CARLYLE, Ill., June 20, 1855.

I have used Prof. Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey; but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 10, 1855.

Prof. O. J. Wood: Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern, that I have used it and known others to use it; that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture, giving it a healthy, soft, and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair.

Respectfully yours,
WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus:

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely; but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

Yours, &c., ———

GARDNER, Me., June 22, 1855.

Mr. Dyer: Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind.

Yours, &c.,
DANIEL N. MURPHY.

ST. LOUIS, March 1, 1854.

Prof. Wood:—My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly afflicted.

A. C. WILLIAMSON,

ST. LOUIS, June 23, 1855.

Prof. Wood:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey; and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

I am, sir, yours, &c.,

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT BUCHU,

FOR DISEASES OF THE BLADDER and Kidneys, Secret Diseases, Strictures, Weakness, and all diseases of the sexual organs, whether in male or female, from whatever cause they may have originated, and no matter of how long standing.

If you have contracted the terrible disease which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of quacks, who start up every day in a city like this, and fill the papers with their glaring falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease; and unlike other remedies, does not dry up the disease in the blood.

Constitutional debility brought on by self abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extr. Sarsaparilla

For purifying the blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of scrofula, salt rheum, scald head, ulcerations of the throat and legs, pains and swellings of the bones, tetter, pimples on the face, and all scaly eruptions of the skin.

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis, mercurial and scrofulous diseases, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. The cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected.

NOTICE.—Letters from responsible physicians and professors of several medical colleges, and certificates of cures by patients, will be found accompanying both preparations.

PRICES.—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid extract of Sarsaparilla, $1 per bottle, or six bottles for $5—equal in strength to one gallon of syrup of sarsaparilla.

Notes of the Morning.

[illegible] at Madison have fairly entered upon the hearing of the contested Governorship [illegible] do full justice to the rival [illegible] the people.

[illegible] Salt Lake Mail arrived at Independence on Saturday. Snow was from three to five feet [illegible] much suffering was [illegible] on the plains.

[illegible], it is said, declines to suspend hostilities [illegible] peace is actually concluded. This will hardly hasten that consummation.

[illegible] is felt for the Pacific, and a Government [illegible] has been dispatched in search [illegible].

We have some items of news from Washington [illegible].

The New Alliance.

[illegible] most significant circumstance developed [illegible] contest for the Speakership, [illegible] alliance between the Sham Democracy and the Know-Nothings. Although supporting different candidates, they acted together [illegible] in voting down the Plurality rule, [illegible] adjournments when the prospects were [illegible] for Banks, and in embarrassing and retarding action generally. As the contest waxed [illegible] this entente cordiale became more marked, [illegible], at the close, the great body of the Know Nothings and the entire force of the Sham Democracy were found voting together, first for [illegible] K. N. representative from Virginia, [illegible] for Mr. Aiken, democratic representative [illegible] Carolina. This "fusion," however, [illegible]. The allies were ignominiously defeated by the steady and unwavering [illegible] of the Republicans. And the Sham Democracy suffered the mortification of losing [illegible] playing a trick which they would [illegible] ventured upon, had they not confidently anticipated that success would follow and [illegible] throw.

[illegible] North-west, where the sham Democracy [illegible] all their strength and influence to [illegible] and unselfish votes of our adopted citizens, this strange and seemingly unnatural [illegible] to little wonder. The [illegible] presses are either dumb with amazement [illegible] the fatuity and ingratitude of their leaders [illegible] Washington, or else feebly attempt [illegible] over the treacherous transaction. But [illegible] of the Democratic press speak of it, as [illegible]. Says the Buffalo Republic, referring [illegible] Banks:

"[illegible] election is the first triumph of the [illegible] Halls of Congress since the adoption [illegible] Wilmot proviso in 1848, and is an earnest that the slave power is not to control the popular [illegible] the national legislature, we accept it [illegible] pleasure, and particularly since [illegible] of the national administration invited [illegible] with the Know Nothings to defeat [illegible]."

The [illegible] of Saturday, alluding to the [illegible] remarks:

"The [illegible] the National Democrats urged a [illegible] with the Know Nothings is calculated to [illegible] Irish and German adopted citizens think [illegible] to extend Slavery has, at Washington [illegible] the pure spirit of democracy."

[illegible] the Washington Union itself, the organ of the "National Democracy," thus coolly discourses on the progress and result of the new coalition:

"As we have [illegible], the contest was finally [illegible] under the operation of the plurality [illegible]. The votes taken during several days past had indicated that a Speaker could only be chosen [illegible] to that rule. There was a [illegible] repugnance amongst the National members to its adoption, more especially after the [illegible] declaration of Mr. Banks as to the test of [illegible] the races. The Southern Know [illegible] manifested a determination against casting their votes for the Democratic nominees not [illegible] than their refusal to vote for Mr. Banks. On Friday, however, propositions were [illegible] Democrats to which the Southern Know Nothings indicated a disposition to accede—the one proposing Mr. Oliver, an old-line Whig, and [illegible] Mr. Aiken, a National Democrat, for Speaker. The votes on these propositions, compared with that given on the same day on a resolution declaring Mr. Banks the Speaker, showed [illegible] difference that it was exceedingly doubtful what would be the result upon the adoption of the plurality rule. At this point Mr. Smith, of Tennessee, believing that the chances of Mr. Aiken were at least equal to those of Mr. Banks, brought forward a resolution for the Plurality rule. Mr. [illegible] withdrew unconditionally his name as the Democratic nominee, and the resolution was adopted. The result was, as we have stated, the election of Mr. Banks by a plurality of three votes, Mr. Banks receiving 103 votes and Mr. Aiken 100—six National Americans throwing their votes on Mr. Fuller, and four Republicans throwing theirs on Mr. L. D. Campbell. It is apparent that a perfect union of the national members (the four Republicans voting for Mr. Campbell) would have elected Mr. Aiken by a plurality of three."

This, at least, is a frank and explicit avowal of the game played by the Sham Democracy. They were ready and willing to unite with the Know-Nothings in order to defeat Mr. Banks, and the Know-Nothings, on their side, were equally accommodating. It will behoove our adopted fellow-citizens to note these things. They can no longer doubt that the Sham Democracy, who profess special regard for their rights and interests, are ready to abandon them and join hands with the Know-Nothings, the instant it appears that the latter can be made subservient to the one leading idea, principle and object of the "National Democratic" Party, THE SUPPORT AND EXTENSION OF SLAVERY. Upon that black altar Sham Democracy is prepared to sacrifice the privileges and immunities of adopted citizens, the rights and prospects of the North-West, the instincts of humanity, and, if need be, the integrity of the Union and the perpetuity of our Republican institutions. It is only by firm, unflinching, never [illegible] resistance to the aggressions of the Slave Power and its natural ally, Sham Democracy, that we can preserve intact the glorious heritage bequeathed to us by the Heroes and Statesmen of Seventy-six, and transmit it unimpaired, to those who are to come after us.

Division of the County.

The bill of which we spoke yesterday, to divide Milwaukee County and erect the new County of Lake, provides that all that part of the present county outside the city limits, shall constitute the new County; fixes the 1st Tuesday of April next for the election of County Officers; makes Wauwatosa the County Seat; and directs that all the present indebtedness of the County of Milwaukee shall be discharged pro rata by the new Counties. If the County towns are anxious to be set off into a new County by themselves, we do not think it the interest, or the policy of the City, to object.

New Business for the Legislature.—The Madison correspondent of the [illegible] in his last letter says:

"An attempt will be made next week to effect a modification of the naturalization laws, and I have reason to believe it will succeed."

As "the Naturalization Laws" are U. S. Laws, we don't precisely see how our State Legislature can "effect any modification" in them. It is not so surprising, however, that "Know Nothings" should "attempt" it.

Another Convict Pardoned.—The Ozaukee Advertiser, received by last night's mail, indulges in very severe comments upon the recent pardon, by acting Governor Barstow, of a convict named Henry Wise. It seems to have been a gross abuse of the pardoning power.

The Treasury Deficit—A Significant Admission.

Immediately upon the news of the deficit in the State Treasury being made public, the Madison Argus, in an official exposition, undertook to smooth the matter over very glibly, and while admitting that there had been great looseness and carelessness in keeping the accounts, asserted roundly that there was not a suspicion of intentional wrong, and no proof that a single dollar had ever been improperly or unlawfully paid out. When, in answer to this, surprise was expressed that if such were the facts the Governor and Secretary of State, whose duty it was to know precisely the condition of the Treasury QUARTER YEARLY, could have so long been kept in ignorance of this deficit, the Argus suddenly shifts its ground and thus taxes Mr. Janssen, the late Treasurer, with intentional fraud:

What then are the facts? For the first nine months of Mr. Janssen's first term—till October 1st, 1852, these statements were regularly made. During the balance of that term, for five quarters no statement was made. The only one which next appears is on the 1st of January, 1854, at Gov. Barstow's first accession to office. At that time they were again commenced, and bear the appearance of regularity and correctness. They were required by Gov. Barstow, and regularly made, until the last year, when the late Treasurer again began to neglect them. The requirement was again made, but either from a determination not to render any account whatever, or because the inaccuracy of the books made it impossible—probably the latter—the requirement was met for months with constant neglect and delay. The late Secretary of State and Governor, at length positively demanded a statement of the exhibit of the Treasury. They were at length made—the money called for was accounted and appeared in the Treasury. This was satisfactory, and it was not until the recent deficit was ascertained that it was suspected possible for the exhibit to be fictitious.

We are now left to infer, therefore, that not only were the accounts loosely and carelessly kept, but that the reports of the funds in the Treasury, made to the Governor, were "fictitious." This lends a darker hue to the transaction, and must increase the general anxiety to know the extent of the deficit and the degree of responsibility attaching to the several State Officers who had charge of the public funds.

Decentralization of the School Funds.

The subject of a radical change in the method of managing the School and University Funds is attracting a great deal of attention at Madison, and throughout the State. The words with which we head this article express better than any other the idea of the movement. There is a feeling abroad that those funds have been not only managed for the benefit of politicians,—many of them none too honest—but that they have been scandalously mismanaged for the interests of the funds themselves. They have become a powerful engine in the hands of the political party which holds possession, and while it may be allowed as to question whether the state is any the better for its exclusively democratic management, we know that we express the sentiments of a great many candid democrats, when we say that the manner in which the Funds accounts, &c., we found after a course of years, is now boating with a heavy weight upon their own party.

Thus it seems to be a favorable time to act upon the proposition, brought forward by Mr. Mills, of Grant, who, if his eccentricity of genius make a great deal of amusement for members of the Assembly, yet always brings a clear mind to the discussion of great subjects, and whose illustrations, if amusing, are nevertheless exceedingly apt.

We have already spoken favorably of the project given to the Legislature by Mr. Mills' bill, it being nothing less than a well guarded enactment for loaning out, and generally managing the school fund income business, in the counties in which the lands lie, the duties to be performed by the county officers. Doubtless a close examination may discover necessary amendments to the bill; but we like the principle, and hope to see it prevail.

We shall watch the progress of this bill with interest.

The Vote of Mr. Wells for Speaker.—On the final vote for Speaker, Mr. Wells, our Representative, voted for Mr. Aiken, as he had, on all previous ballots, voted for the democratic candidate. For this vote Mr. Wells is thus arraigned by the Wisconsin of Saturday:

> Mr. Wells, of Milwaukee, voted for Mr. Aiken, when he knew that Mr. Aiken was deadly opposed to all Harbor appropriations on the Lakes. We regret that Mr. Wells should have forgotten that he was the representative of the people of Wisconsin, who in their mails, harbors, &c., consider themselves infamously treated by the general government. We do not say that Mr. Wells should have voted for Banks, but he had no right to give a vote hostile to every North-western interest.

Now we cannot for the life of us see why Mr. Wells is any more obnoxious to these censures than any other Democratic Member of Congress. Their entire, unbroken vote was cast for Mr. Aiken and this vote, the Wisconsin tells us, was "hostile to every North-western interest."—Well, that is just what the Republican presses have argued these two years past, and just what they predicted at the Congressional election in this State—notwithstanding which the Wisconsin did its best to elect Mr. Wells and two other Democrats just like him, who would have voted beyond all doubt, as he did, for Mr. Aiken, the democratic candidate.

Again, Mr. Wells had the express authority and instruction of the last Democratic State Convention for voting as he did. They formally and heartily endorsed the National Administration, notwithstanding its "infamous treatment" of the People of Wisconsin, and the democratic party and press of this State, the Wisconsin included, went in, with all their might, for the ticket and platform thus presented. Mr. Wells, therefore, as the Representative of the Sham Democracy of this State, fairly reflected their avowed sentiments in voting for Mr. Aiken and supporting an Administration which is "deadly opposed to all Harbor Appropriations" and "hostile to every North-Western interest." That THE PEOPLE of Wisconsin have a right to complain of his vote, as not representing their sentiments, or protecting their rights and interests, is very true. But those party leaders and presses who helped to elect and have hitherto sustained Mr. Pierce, notwithstanding his Harbor and River Vetoes and his hostility to the Northwest; and who approved the ticket and platform set up by the Sham Democracy of this State, at the last election, are assuredly not the ones to find fault with Mr. Wells for voting at Washington precisely as they did at home.

Fox River Railroad.—The following were the resolutions reported by the committee and adopted by the meeting at Young's Hall, Saturday night:

1. Resolved, That at this late day it is unnecessary to speak of the value of Railroads in developing the resources of the country through which they pass, or in adding to the wealth, business and population of the cities at which they terminate. The history of Milwaukee furnishes too marked an example of their beneficial influence to allow her citizens, distinguished for their energy and enterprise, to cease in their efforts until every mile of Territory tributary to her, shall be brought within her influence by the construction of Railroads.

2. Resolved, That we regard the construction of the Fox River Valley Road, as one of the most important projects which has ever been brought before the citizens of Milwaukee; and that we do most earnestly urge upon all interested in her prosperity to contribute according to their means to accomplish this great object.

3. Resolved, That the city aid given to the various Railroads terminating at Milwaukee was a wise and salutary measure on the part of her citizens, from which they have already derived an ample reward in the increased wealth and population of their city, and believing that she is amply protected against all loss in the issue of her bonds, we feel no hesitation as citizens and tax-payers, in again calling upon her to aid in securing another avenue second in importance to none leading from Milwaukee into the interior of the country.

4. Resolved, That application be made to the Legislature and the Common Council of Milwaukee for the issue of two hundred thousand dollars to aid in the construction of this Road upon such terms and conditions as will amply protect the city from loss.

Capital Punishment.

Messrs. Editors:—The question whether the death penalty for the crime of murder, shall be restored to the statute book of this State, is perhaps as important as any that will come before the present Legislature.

The argument in favor of it, in our judgment is simply this—and is substantially that which I presented before an audience in the Assembly Chamber at Madison on the evening of the 29th of January.

Every crime has its desert—God has measured and revealed the desert due to the crime of murder, by affixing the penalty of death, thereto and assigning a reason for it in his word, Gen. ix. 6. The same principle is found developed among the Laws given to the Jews, Ex. xxi. 12, and Lev. xxiv. 17, and in other passages. This same principle is brought to light under the gospel dispensation also; Rom. xiii. 1, 4, and is consonant as we think with the whole spirit of the gospel.

In order to invalidate this argument it must be shown that crime has no desert, that God never affixed the death penalty thereto. Or, that having affixed it under the Noachian, it was abrogated under the Mosaic, and Gospel dispensations. Has this been done by our opposers? Can it be done by any one, who has any confidence in the Bible? And with such only, do we pretend to reason now.

We contend, moreover, that all proper expediency, arising out of the greatest good to community, sustains this view.

We maintain, also, that if God has not authorized the infliction of the death penalty for murder, government, — which when just is founded on the divine law—has no right to inflict death for any crime. No expediency since, that we can conceive, can confer that right.

Assuming then that our reasoning is correct, we hold that the Legislature has no moral right to legislate against the law of God!

This is a condensed statement of the argument alluded to, which necessarily required nearly an hour and a half in the delivery of its proof and illustrations.

And this is the lecture which so horrified your Madison correspondent as to lead him to say—after having spoken of it in a previous letter, in terms of commendation—"that it was unfortunate that a clergyman should have given the lecture he did, and it is earnestly hoped no more of the cloth will come here on a similar errand. It does more injury than good."

In reply to this we would merely say, that we do not think any of "the cloth" will ever ask permission of "Sigma" or any of his compeers, to preach the gospel at any time or at any place, which in their judgment is proper.

Yours respectfully.
JOHN GRIDLEY.

Kenosha, Feb. 9th, 1856.

Theatrical.—Mr. J. H. McVicker.—Many of our readers who remember McVicker, when he first appeared on the Milwaukee boards, some eight years ago, and with whom, from that time forward, he was always a great favorite, will be glad to find their good opinions confirmed by Atlantic and trans-Atlantic cities. McVicker has just returned from England, after a short, but very successful season, and on Monday week, made his debut in New York, at Burton's Theatre. Here is what the Tribune says of him:

> Mr. McVicker is an actor who is better known in the West than in the Eastern cities, having acquired his professional reputation in the Western States. He has just returned from a visit to London, where he played for a number of months with excellent success, being pronounced by the London critics the best Yankee comedian who has ever crossed the water. He is undoubtedly the best living representative of the superstitious characteristics of the stage Yankee, and is unexcelled in that style of parts which were for so many years played with great success by Yankee Hill, Dan. Marble and Jos. Silsbee. Although we do not admire the "one-man power" kind of plays, we cannot deny that the quaintness and originality of his acting in these dramas is infinitely provocative of laughter. His humor is undeniable though fantastic—he is irresistibly funny and cannot but delight those who are pleased with a touch of extravagance and exaggeration, which, however, is never so broad as to become disagreeable or offensive. The large audience which assembled last night testified their satisfaction in the most unmistakable manner. Mr. McVicker was called before the curtain, and made a capital and characteristic speech.

The New York Mirror adds its testimony to the same effect, as follows:

> Burton's Theatre.—The new Yankee comedian Mr. J. H. McVicker, made his first appearance here last night in a piece called "Sam Patch in France," and was triumphantly successful; carrying the audience with him from the first to the last scene, and keeping them in roars of laughter; as well by the droll things he utters, as by his irresistibly droll manner of uttering them. He is undoubtedly, in some respects, the best representative of Yankee characters that we have ever seen; he has much of the quiet humor of Hill, blended with the rollicking manner of Dan Marble, and is evidently an excellent artist. There are no broad exaggerations; no gross burlesques, except, probably in the dress. His style is original and fresh; and he plays with a degree of unctuousness and self enjoyability which cannot fail to infect the audience. We have rarely heard more hearty laughter than his performances provoked.

A Treasurer Removed.—We learn from the Madison Journal that Mr. Simeon Mills, heretofore Treasurer of the State University, has been removed, and W. N. Seymour appointed in his place—for what reasons the Journal does not state, and the Regents, we think, would be puzzled to tell. Mr. Mills makes the following good report of his doings, on leaving office:

> To the Board of Regents of the University of Wisconsin:
>
> The undersigned, late Treasurer of said University, having received notice that his services as such Treasurer have been dispensed with, by removal, begs leave respectfully to submit his final
>
> REPORT.
>
> At the date of my annual report made to your Board in January last, there was in my hands the sum of $1090,99, belonging to the University fund; since which time I have disbursed in payment of warrants, drawn by the authority of your body upon me, the amount of $1,152, 15, leaving a balance due me for moneys thus overpaid, of the sum of $62,11.
>
> It would, perhaps, be but an act of simple justice, that you make provision for refunding to me the amount thus overpaid, at your earliest convenience. Respectfully submitted.
>
> SIMEON MILLS,
> Late Treasurer.

Another Post Office in Milwaukee Co.—There has been a Post Office established in Lamberton, in this County, and Silas Judd appointed P. M. It will be borne in mind that all who get their Milwaukee papers at that office, get them free of postage, and by the regular daily mail.

Earning their Pay.—Messrs. Lane, of Oregon, Orr, of South Carolina, and Cobb, of Georgia, have left their posts at Washington to stump New-Hampshire on behalf of the Sham Democracy.

Rail Road Meeting.—A large and enthusiastic meeting of the inhabitants of Muskego, was held there on the 9th instant, and the following resolutions unanimously adopted:

> Resolved, That we, the inhabitants of Muskego, look upon Muskego Centre as the most feasible point for the Junction of the Milwaukee and Beloit with the Fox River Valley Railroad, and that we are willing to aid and use every means in our power to accomplish this end, and that we ask the co-operation of Milwaukee and all other localities concerned in these two enterprises.
>
> Resolved, That the newspapers of Milwaukee and Elkhorn be requested to publish these resolutions.

Winnebago Railroad Co.—At a meeting of the stockholders of the Winnebago Railroad Co., held in this city, yesterday, the following persons were chosen Directors of the company for the ensuing year:

> John Fitzgerald, Geo. F. Wright, A. G. Lull, Geo. H. Read, B. S. Henning, R. P. Eligme, E. Hubbard, Nelson Fletcher, Edward Eastman, G. Bonck, G. W. Mitchell, G. N. Lyman, Wm. Starr.
>
> The Board of Directors met this forenoon and re-elected John Fitzgerald, Esq., President, and William Luscher, Secretary of the Company.

FROM WASHINGTON.

The Contest for Speaker—The Unholy alliance between the Democracy and the Know Nothings—Their inglorious defeat—Triumph of the Republicans.

WASHINGTON, Feb. 4.

Messrs. Editors:—Long before this letter can reach you, the Telegraph will have conveyed the glad tidings of the first grand triumph of Liberty and Right in the Halls of Congress. The Republicans have won the battle and Banks is Speaker! Who shall now say that his firm and patriotic supporters have not manifested "much bone?" For eight long weeks they have stood by him, never flinching, never changing front, never yielding, never compromising. While all sorts of strategy have been resorted to, by the supporters of Slavery to compass Banks' defeat, the Republicans, true to their principles, true to the People, true to Freedom, have manfully sustained him, throughout the contest, until Victory has crowned their efforts.

Where now is that "Spartan Band," that "glorious phalanx" of seventy-four, who started out in support of Richardson, their colors nailed to the mast, inscribed with the hypocritical and deceptive motto, "squatter sovereignty, and anti-Know Nothingism," under which they boasted that they would fight to the end. Despairing of victory, under such a captain as Richardson, they displaced him after a while, and substituted Orr, of South Carolina, and fighting, however, under the same colors. All this time they were coquetting with the "South Americans." Loving each other for their common devotion to a sectional institution there was no objection to a thorough alliance, so long as the democracy persisted in their opposition to "Americanism." At length on Monday last, the Democracy gave way; abandoned their leader, surrendered their principles, hauled down their colors, trampled them in the dust and united fully and formally with the "South Americans," upon the single question of maintaining the predominance of the Slave power in the Federal Government. The "South Americans" on their side abandoned Fuller and their principles, and the two factions, lovingly embracing each other, voted together for Gov. Smith, of Virginia, familiarly known as "Extra Billy." Think, contemplate, PONDER upon this spectacle! The National Democracy — the Pierce Democracy—the Union-saving Democracy—the Nebraska Democracy—the anti-Know Nothing Democracy, of the one part, and the Know Nothings—the National Know Nothings—the great conservative party—the Americans shall rule America party, of the other part, coming together as brothers in arms, and supporting Gov. Smith, who is a cross between the Know Nothings and the Democrats!

The Allies gave Mr. Smith 100 votes—not quite enough to elect. Next, they went together for Mordecai Oliver, of Missouri, upon the border of Kansas; an old-line Whig, in the last Congress, but now a Nebraska Democrat, giving him 101 votes. Next, they concentrated upon Gilchrist Porter, of Missouri, formerly a Whig, but now a Twelfth-Section Know-Nothing, giving him 68 votes. Lastly, they united upon Mr. Aiken, of South Carolina, the wealthiest man in the House and owner of a thousand slaves, giving him 103 votes, which was one more than Mr. Banks received on the same day. It was the large vote for Mr. Aiken that secured the plurality rule. The Allies thought they had a sure thing of it, and nine Democrats voted, with the Republicans, for the Plurality. Mr. Wells of your City was one of the Nine. Three ballots were to be taken before the Plurality rule should go into effect. They resulted thus:

First ballot. Banks 102, Aiken 93, Fuller 14, Campbell 4, Wells 3.

Second Ballot. Precisely the same, except that Fuller received one less.

Third Ballot. Identical with the Third.

Now came the decisive moment. The next ballot was to elect. Intense feeling pervaded the Galleries, Lobbies and floor of the House. The excitement was absolutely painful. Mr Rust, of Arkansas, (the brutal assailant of Mr. Greeley,) moved to adjourn, afraid to "face the music." But the House refused. Yeas 52, Nays 162, and the strong vote called forth loud applause on the floor and in the galleries. Mr. Fuller now rose to get out of the way, as a candidate, and Mr. A. K. Marshall "gave the cue" to the Know Nothings by announcing his purpose, as a patriot, to vote for Mr. Aiken. The "South Americans" all followed his lead. As the call of the roll went on, the excitement grew more and more intense. It became evident that two or three votes would tell the story, and the responses of "uncertain white men" in the House, (of whom there are a dozen, or thereabouts) were listened to in breathless silence. At length the long agony was over. The call of the roll was completed. One of the tellers proclaimed the result: Banks 103, Aiken 100, Fuller 6, Campbell 4, Wells 1, and announced that Mr. Banks was elected! The House rang with applause. But the allies were not disposed to "give it up so."—Mr. A. K. Marshall raised the question that the House must itself declare the result, whereupon the House did forthwith, by the emphatic vote of Yeas 156, Nays 40, (the Nays all Democrats or Know Nothings,) declare NATHANIEL P. BANKS duly elected Speaker.

Mr. Banks was immediately conducted to his seat, and made a brief, manly and most appropriate speech, to which his friends on the floor of the House and in the galleries and lobbies, responded by the most hearty and enthusiastic applause. Indeed, it seemed impossible for the excitement to quiet down. The Republicans were overjoyed at their success after so long and doubtful a contest, and again and again their cheers rang thro' the Capitol. It was strange music to Southern ears! They had not set the tune and to them it sounded harsh discord. Not so to the friends of Right, Humanity and Freedom throughout our broad and prosperous Republic. Everywhere, as we learn from Telegraphic despatches, letters and messages, the tidings of the election of Mr. Banks is hailed with the most fervent satisfaction. Everywhere it is regarded and celebrated as the first National triumph of the Republican Party, and the initiation of a new order of things in the Federal Government. Everywhere it is looked upon as the precursor of other and more signal successes, and of the eventual ascendancy of the Free element and the overthrow of the Slave Power in the councils of the Nations. So mote it be!

No Revolution Expected—Military Executions.—By the arrival of the General Taylor at New York, the Evening Post has received a letter from its correspondent at Port au Prince, who writes under date of Jan. 6, as follows:

> "In respect to political matters, I hardly know what to write you, but the feeling seems now to be much stronger that we are to have no revolution for the present. The north and the south appear to be perfectly quiet, and as to this place, there is not the least sign of insurrection. The Emperor is said to be now at the Cape, though in no very long time we expect him to come to Port au Prince, and then finally to close the campaign—at least, we hope he will do so, as in that case business will revive all over the country, and consumption and sales will be resumed.
>
> "There has been quite a number of military executions in the army. Among others, Gen. Tousaint and Gen. Canistre, of Jeremie and another General from Aux Cayes. The last two are said to have been traitors to the Government, and to have been on intimate terms with some of the leaders of the eastern people during several years past. Several other officers of inferior grade have also been executed."

Latest from Kansas.—Our Kansas correspondent, who has just arrived from the theater of the recent disturbances reports "all quiet" in that Territory. No further outrages are feared until at least, the assembling of the Legislature at Topeka on the first of March next.

The thermometer, for six weeks previous to his departure, had ranged from 27 degrees below zero to 10 degrees above it.

Two thousand stand of rifles and twenty breach-loading cannons had been received at Lawrence; they were brought secretly through Iowa and Nebraska.—St. Louis Dem. 5th.

Milwaukee and Fond du Lac R. R. The Air Line Road.

The last Fond du Lac Union contains the following article on this subject, which commends itself to the attention of our readers.

We have been permitted to copy the following extract of a letter to Gov. Tallmadge, from one of the oldest, most intelligent and enterprizing citizens of Milwaukee, on the subject of "the Air Line Rail Road." The citizens of Fond du Lac cannot fail to appreciate these views in reference to our city. There will be business enough for all the avenues by railroad leading from Fond du Lac—and whilst the Air Line Road will not injuriously effect any other road, it will promote the great interests of the place, when the able views contained in the following extracts are applied to ourselves:

"On reading a notice in the Sentinel of your being present, taking part, and making a speech at the Air Line Rail Road meeting at West Bend a few days since, I concluded to write to you about the matter. By the same mail that carries this, I send you the last Annual Report of the Milwaukee and Mississippi Rail Road Company, prepared with much care as to statistics &c., and containing the Report of the Chief Engineer, and General Superintendent. The earnings of the year, as you will see, foot up satisfactorily; and as this road, although the pioneer in the State, has not as yet reached far enough into the interior to secure for itself any support but such as results from a local way business, it does seem to me to present a most encouraging prospect for other undertakings of like character.

"Your enterprise is of greatly superior promise—connecting as it will, two such prominent emporiums of trade and commerce as Fond du Lac and Milwaukee. Its stock, with proper management of the Road, cannot fail to pay from 15 to 20 per cent. But this is but one, and the narrowest view of the question. Look to the advantages of such roads upon the country through which they pass, and upon the cities at their termini. Farms contiguous to the routes of our different rail roads, have rapidly risen in value, and farmers on these routes, who mortgaged their farms to enable the companies to construct their roads, already feel, that if they ultimately should have to pay their own mortgages, (a result of which there is no danger,) that the advance of their farms would more than indemnify them.

"I dare say you are well posted as to the rapid growth of Wisconsin towns, and the rapid advance of real estate in them. The newspapers inform us that Fond du Lac has felt the swelling flood, in large measure. So may it continue to be.

"We have now in operation, five Rail Roads, namely: The Milwaukee and Mississippi to Madison, 100 miles—the La Crosse to Horicon, 52 miles—the Watertown to the town of that name, 44 miles—the Lake Shore road connecting us with Chicago—distance in Wisconsin nearly 40 miles—in all say about 236 miles, which have cost say, between six and seven million of dollars, without adverting to the advance on farms and other property touched by the road. I presume it is not extravagant to say, that the advance of property in Milwaukee alone, within the last three years, induced almost entirely by these roads, and the prospects of their further extensions, is equal to their cost. Without them, we should have been a meagre pent up town—with them we are fast growing to be a great Commercial Emporium, the centre of wealth, enterprise and refinement.

"I hope you will devote yourself with your wonted energy to the furtherance of the Air Line Rail Road. It is an enterprise sure to pay, both in profit and fame, and well worthy of your ablest efforts.—You have my best wishes for your own and the work's success."

Bombay (Dec. 17) Correspondence of the London Times.

Confirmation of the Fall of Herat.

Since the fall of Herat into the hands of the Persians and their nominee and creature, Prince Yusuf, of which I gave you in my last such details as had then reached us, intelligence from over the border has dribbled in but scantily, and for the most part from sources that render it less easily verified than usual. It bears upon it, however, no stamp of improbability, either in regard to the apprehensions of Dost Mahomed, the ferocity of the victorious party at Herat in its hour of triumph, or the consequent quarrels of its leaders among themselves. You may recollect it being stated that upon the occupation of the city by the Persian troops, the life of the deposed Chief Mahomed Sadik Khan was spared, and that he and his principal adherents were treated with respect and consideration. Indeed, for an Oriental revolution, it appeared to be a singularly bloodless one. This state of things we are now told, did not long continue. Mahomed Sadik was put to death, together with the whole family of Yar Mahomed, his father, with the sole exception of one woman, spared for the sake of her wealth, to produce which, she was tortured by the most approved and recondite methods. A later report mentions that a quarrel had taken place between Prince Yusuf and one of his followers, in the course of which the former was severely, if not mortally wounded.

At Cabul and Candahar the occupation of the frontier town of Herat by one of the exiled royal race of the Saddozyes with the support of Persia appears to have laid to sleep the jealousies of the Barukzye brothers. Relinquishing, or postponing his own views on Candahar, Dost Mahomed wrote urgently to his surviving brothers of that place, entreating them to join with him in sinking their family disputes, and in forming a powerful opposition to the common enemy. The Candahar chiefs assented to their brother's proposal, and proceeded to call together the clans of their territory. The Ameer did the same, and it is said that the whole force, if united, and joined by Hyder Khan's troops at Balkh, 10,000 strong, would amount to some 70,000 men with 80 guns. An advance upon Herat is not apprehended but rather such a demonstration in force as shall deter Persia from taking aggressive measures, in the event of such being contemplated.

Whether any application for aid has been forwarded by the Ameer to his British Allies, or whether the application, if made, is likely to be favorably received, I have at present no information. There has been, as was natural, some revival of the reports touching the dispatch of a force to the Persian Gulf. These, no doubt, are premature, but I have good reason to believe that the papers connected with the last expedition have been under official consideration. With regard to Affghan requests for assistance, the appearance at Kurrachee of a young chief of the Candahar family may, it has been suggested, be connected with some such piece of diplomacy.—The person in question is, however, ostensibly on his way to Mecca, and it is probable that the tomb of the Prophet and not Bombay, is his real destination.

From the northwest frontier there is no news of any importance, save the rumor of an intended expedition from Pashawur against a Momund chief, by name Saadat Khan. In what particular way this individual has been making himself obnoxious we are not told; perhaps, because the offences of a border leader, possessing a stronghold in the mountains, need no description to make them intelligible. It appears that this is not the first time that he has embroiled himself with us. Mention is made of his having been temporarily dispossessed by us in 1842. The force to be employed on the occasion will consist of two regiments of infantry and one of cavalry, for whom Saadat Khan in his fort of Pundiala is said to be preparing a warm reception.

Atrocities Committed by the Persian Troops at Herat.—The intelligence from Herat is horrible; the whole of Yar Mahomed's family, old and young, have been put to death, except the mother of the two princes who were recently murdered by the Persian troops. She had great influence in Herat; in fact, she administered the affairs of the state, and was called "the Nawab of Herat." Her life was spared with the view of extorting from her the treasures she was known to have possessed; but she was prepared for this, for on the murder of her two sons she collected all her jewels and burnt them, and allowed her slaves to distribute the spoils among themselves. She is now tortured with red hot irons to give up her hidden wealth. We do not apprehend immediate hostilities unless the Persians advance beyond Herat. With Herat itself Dost Mahomed and his allies have strictly nothing to do; and we doubt much whether the British lion will stretch out his paw until a more satisfactory casus belli is established.—From the Scindian, Dec. 8.

The Cold—Injury to Fruit Buds.—Owing to the long continuance of excessive cold weather, the fruit buds are undoubtedly injured to a very great extent, particularly in the Middle and South-Western States, where the cold has been more intense than it has been known before for many years. Only think of the Ohio river at Cincinnati frozen over a foot and a half thick, and the Mississippi closed with the ice as low down as Memphis. Such severe weather must freeze the buds of peaches, plums, apricots, and perhaps apples, as to kill the greater part of them. Pruning should be early attended to in the Spring clipping off nearly all the wood of last year's growth, as that is the part that will be injured if any. If that is not done, the tree will look unhealthy all Summer and it will be just what it looks. If you would save your trees, do not spare the knife.—N. Y. Tribune.

In Town.—We notice in town Hon. E. B. Dean, late a resident of Madison, and now Receiver of the U. S. Land Office at Superior City. A good office and a high northern latitude appears to agree with Mr. Dean's health and spirits. He came across the country to St. Paul accompanied by his wife—probably the first lady who ever made the trip—that is, except those who were "Native and to the manor born."
—Madison Argus.

Killed.—We learn that on Thursday, January 25th, as Mr. Nelson Smith of the town of Paris, in this county, was returning from Dubuque in a two-horse wagon, one of his horses being a vicious young fellow, got his tail over the rein and attempted to run away. In the effort to manage him Mr. Smith was kicked in the corner of his left eye, the rim of his left ear was cut off and a severe cut made under the left ear, and other injuries inflicted, causing his death in a few minutes. He leaves a widow and six children, besides a numerous circle of friends, to lament this melancholy affair.—Platteville American.

A Little too Fast.—Mr. Greeley, writing from Washington on the 2d, tells the following story: "At the Levee, last evening, the President congratulated Mr. Aiken in advance on his election to the speakership, saying that he knew he would be chosen, and that he might not see him to congratulate him immediately afterward."

Hon. George Reed.—While we are pained to announce to our readers the sudden and severe illness of our fellow townsman, above named, we are also exceedingly gratified to announce, at the same time, that, with prompt and able medical attendance, he is now considered out of danger from his disease, and rapidly convalescing.—Manitowoc Tribune.

Fire.—The farm house of Mr. Wilcox, about three miles from Whitewater, was burned down on Sunday night, of last week—the fire caught from a pipe that run through the roof. The house was of little value, but the family lost all of their personal property, and a large quantity of provisions.

Review of Markets, for the Week Ending Feb. 12.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, February 12, 1856.

The past week has been a quiet one in our market. Receipts of produce have been moderate and prices upon the whole, have tended downwards. The news by the Persia, received Saturday afternoon, rather confirmed this tendency and strengthened the disposition of buyers not to purchase largely at present rates. We note below the leading features of the market.

Flour.—Our Mills continue to manufacture from 2,000 to 2,500 barrels per week, and receipts from the country average about 1200 per week. The amount now in store here is not far from 25,000 barrels, which will be doubled by the opening of navigation. Prices steady at about 7,00@7,25 for No. 1, and 8,00@8,50 for City extra.

Wheat.—The amount of Wheat brought in by teams and Rail Roads last week exceeded 20,000 bushels, and the quantity in store here is over 200,000 bush. There is a large amount still in the country; some of it stored along the lines of the different Rail Roads, to be brought in as Spring advances, and a good deal still in first hands. Opinions still differ widely as to the opening prices in the Spring, but as they must be greatly influenced by the question of Peace, or War, all speculations on the subject hinge upon the news from Europe. We quote, Spring and Club, 1,20@1,25 and dull. White Winter, scarce and taken at 1,35@1,40.

Corn—continues in light receipt and fair demand, and brings 50@55 cents, while at Chicago it is selling at 40@45. Large purchases have been made there, within the last week, on Milwaukee account.

Barley.—Very little barley is coming in, and all that offers meets with quick sale at 1,15@1,25, the latter for choice parcels.

Oats—are in light supply and fair demand for home use at 38@40 cents.

Rye—is quiet and nominal at 1,00@1,05.

Potatoes—of good quality, command 75c@1,00—ordinary 50@62½@70 cts.

Pork—continues in good retail demand at 6,75@8,00 for heavy hogs. Packing is about over.

Beef—is worth 8,00@9,00 on foot, and 12,00@13,00 for mess.

Butter—is very scarce and for a good article of table butter 25@28 cents is readily paid. Firkin is worth 18@22.

Eggs—are selling at 22@25 cts. per dozen, and fresh ones are not to be had even at those figures.

Wood—during the last week, has been in good supply and steady at 4,00@4,50 for dry maple.

Hay—has remained steady at last week's quotations, 17,00@18,00 for timothy (and for choice loads occasionally $19) and 10,00@12,00 for marsh hay.

Groceries—no change to note.

Ship Building—Prospects Ahead.—Both sides of the Manitowoc River, says the Tribune of the 9th inst., present an appearance of animation, which, though by no means unusual at this season, is a gratifying evidence that the reputation of Manitowoc as a shipbuilding point, is not likely to suffer in comparison with that of other towns.—Bates & Son, Rand & Sons, and Mr. Sorenson, have each a fine vessel on the stocks at their yards.

WISCONSIN ANNUAL REGISTER.

WE have just put into the hands of our compositors the copy of a work which should be in the hands of every citizen of Wisconsin, and should be largely circulated abroad.

The WISCONSIN ANNUAL REGISTER will contain from 80 to 100 pages, printed in a neat, though cheap pamphlet form, and will contain, among other interesting items, the following:

Almanac for 1856.

Description of Wisconsin—its Boundaries, Surface, Products, Commerce, Manufactures, Climate, &c.

The Counties—their boundaries, dates of organization extent, county seats, &c.

Lists of State officers from the beginning. Annals of the Legislature, giving complete lists of members. County Officers for each County.

The Judiciary—the Judges, Districts, Election of Judges Terms of Courts, &c.

Vote for President in 1848 and 1852.

Votes cast for Governor, by counties, from the first.

Commercial tables.

Aggregate valuation of property by counties from the beginning, including 1855.

List of Presidents and Vice Presidents, and population of the United States in 1850.

Census of Wisconsin from 1836 to 1855; comparative table for 1850 and 1855.

Congressional Elections, by counties; and much other valuable statistical information.

The matter for the work is prepared by JOHN W. HUNT, Esq., Ass't. Secretary of State, author of the Gazetteer of Wisconsin, &c., and may be relied upon as accurate. Liberal arrangements will be made with booksellers and agents for the sale of the work.

Price 50 cents. Any person remitting 50 cents will receive a copy by mail post paid. Address

Building Lots in Bradley & Metcalf's Addition.

WE ARE NOW offering for sale at the southern extremity of the city some of the most [illegible] situated sites for residences to be obtained in Milwaukee. Extensive views of the bay, harbor and surrounding country may be had from many of the lots, and for health, purity of air and water, and general eligibility of location, are not equalled in the city. A portion of these lots are rendered still more desirable from the fact of there being on them a great variety of the choicest fruit trees many of which, having been planted by a former proprietor, have now attained their full size, and are annually earning large crops of the most delicious fruit.

Strangers and others desiring a location for a dwelling possessing the advantages above named, may learn further particulars by applying to

VOLUME XI. MILWAUKEE DAILY SENTINEL, TUESDAY MORNING, FEBRUARY 12, 1856. NEW SERIES.

DAILY SENTINEL.

Milwaukee, Tuesday Morning, Feb. 12, 1856.

CITY MATTERS.

Circuit Court, Feb. 11.

Judge Hubbell Presiding.

The Circuit Court of Milwaukee commenced its February term yesterday morning. The Grand Jury and Petit Jurors were both summoned to appear. We append the list of Grand Jurors. After they had been sworn, his Honor [illegible] them at some length upon the important duties devolving upon them, under the solemn oaths they had taken; that in the performance of these duties they must leave their whole [illegible]; that they were the right arm of the law, which was the law of the people. His Honor alluded to the institution and its ancient origin, and its existence in every civilized country that spoke the same language as ours; that there were defects in it, but that in his opinion, they were the minority in comparison with the benefits accruing from Grand Juries.

That in finding indictments, it must be upon some specific and distinct crime, and by a representation upon oath that a distinct crime had been committed within the county, and that if not satisfied beyond a reasonable doubt they should not find an indictment, but dismiss it.

His Honor alluded to the increasing population of the city, and the natural increase of crime; dwelt at some length upon the limited size of the jail, and of the necessity of a change in the statute in cases of larceny, &c.

Upon the subject of a House of Refuge for the children of the poor, the abandoned and the drunkards, who were turned into the streets without an education, to *steal* their living and who roamed the streets until caught up by the officers, they were sent to jail, to be still more hardened in sin by the company of older villains, because there was no House of Refuge where they might be instructed and reformed; it was but natural that children so early abandoned, and brought up to see nothing but crime, and left to beg or steal their living, must, "unless they have in them some angelic spirit above mortality," become criminals; it was a great and important duty that the people of this city and county should take immediate steps for the erection of a House of Refuge, and if the County members of the towns would not co-operate with the city members for this great purpose, then some means should be had by which a separation take place and the city act by itself.

The Judge directed the Grand Jury to *endorse the names of all the witnesses upon the indictment;* and that, in all cases in which no very urgent reason existed, the defendant would be informed and apprised of the party or parties who made the accusation against him. The Court recommended the Grand Jury to give the subject of a Criminal Court to sit monthly their consideration, and if they recommended it he should heartily concur with them. He also charged the Jury upon the statute relating to the sale of intoxicating drinks to the Indians in this County; also, to the Act relating to Lotteries, Faro Banks, Gambling, &c., when Mr. Merrill was appointed Foreman, and the Grand Jury retired to their room.

The Court Room was crowded, a large number of the profession were there, and one of them requested of the Court that more seats &c., be provided for the Bar. Two new members were admitted to practice, and sworn to plead law honestly and according to the constitutions &c.; their names were [illegible] Cotes and Martin B. Cooney. The Criminal Calendar is unusually large. Several gentlemen were excused from serving as Petit Jurors; one of them because "he understand no a single word of English;" they were directed to be present at 2½ P. M. The Judge stated that he should open Court every morning at 9 o'clock, allow 1½ hours recess at noon, and continue sitting until 6 or 6½ P. M.

LIST OF GRAND JURY.

J. D. Merrill, Foreman.

John G. Inbusch,	Thomas Tobin,
[illegible]	W. Stapinsky,
W. W. Johnson,	Jonas A. Jennings,
Thomas Hogg,	Hiram Warner,
Jesse Baldwin,	Thomas H. Fanning,
Patrick McDonough,	Henry Brown,
Leonard Brown,	John Luscomb,
I. Neice,	Hugh McGarry,
Francis D. Weld,	Andrew Eble,
Martin Downey,	F. W. Allerding.

Police Court, February 11.

John Mundy, Amos Rogers, and Daniel McMorra, were each fined $3,00 and costs, for being drunk and disorderly; Catharine Lynn, being drunk was sent to jail for ten days; Patrick Sullivan, Charles Morris, and John Albin, were each fined $1,00 and costs for being drunk. George Link, William [illegible], and William Flannigan, were each fined $2,00 for leaving their teams unhitched.

THE DREDGING CONTRACT.—The Committee who submitted a report to the Council on Saturday, in reference to the contract between Abel Hawley and the City for dredging the river, set forth in their report that according to the Engineer's estimate Hawley has taken out of the river 4405 yards, which at 80 cts. per yard, would amount to $322 40, and that he had turned over, but not removed 4500 yards, which the Engineer estimates at half price, $[illegible]—making the total amount of work done $2012 40. They further state that Mr. Hawley has received in City bonds on his contract, at one time $10,000, and at another $1,[illegible]—in all $11,[illegible]. It is not surprising that under such a state of things the contract should be declared forfeited and suit instituted against Mr. Hawley and his sureties, for non-performance of contract and to recover monies over-paid.

SOUTH PRESBYTERIAN CHURCH.—We learn that the installation services in the South Presbyterian Church (Walker's Point) on last Sabbath, were of a deeply interesting character. The newly installed Pastor, Rev. JOHN KERR, seems to have won, as he justly deserves, the confidence and good wishes of the entire community. The exercises were conducted by Rev.'s E. S. HUNTER, D. D., S. G. SPEES, of Milwaukee; Z. M. HUMPHREY, of Racine; President CHAPIN, of Beloit College, and Rev. R. W. PATTERSON, of Chicago.

The Church edifice has already become too limited, and as an effort will soon be made to increase its dimensions, as also otherwise to beautify the same, we hope the appeal will be liberally responded to by those who feel "that it is more blessed to give than to receive."

LARCENY IN A DWELLING HOUSE.—Three persons, two men and a woman, were arrested last night by the Police, charged with breaking open a chest belonging to a man named Kemnitz. The chest was left at the house of John Higgins, in the Third Ward, and contained a quantity of money in bills and gold, and was broken open and robbed while the owner was on a spree.

The names of the parties arrested are John Higgins and his wife, and John Dunn. The case will go before the Grand Jury, now in session.

The man Kemnitz, when arrested by the Police, was drunk, and laboring under *delirium tremens*, and to his arrest, and confinement, he owes perhaps the saving of his life, certainly the recovery of a large amount of his money.

MR. SUMNER'S LECTURE.—The promised lecture of Mr. SUMNER, at Young's Hall, attracted a very good audience. Mr. SUMNER is gifted with a fine voice and graceful elocution, while the matter of his lecture is well written and well arranged. His leading topic, last night was Education and the various School Systems of England, Prussia, Austria, Ireland, Greece and France.—These were each discussed in their turn and that of Greece especially commended as worthy of high praise. The close of his lecture was a brief admonition to "Young America;" it was eloquent, impressive, and delivered with much feeling, and called forth the warm applause of the audience. The lecture, as a whole, was interesting and instructive and was in marked and happy contrast with some of those which had preceded it.

RUMORED DISCHARGE OF MCDONALD FROM WAUPUN.—There was a rumor afloat on Saturday that McDonald, who was tried in connection with Connaughty for the murder of Gallen, had been discharged from imprisonment at Waupun, by a writ of habeas corpus; others said he had been taken out on the writ, but had subsequently been remanded to the custody of the Sheriff of this county for another trial. We don't know which rumor was true, but are well aware of the fact that great efforts are being made to obtain his and Connaughty's pardon.

SOIREE MUSICALE.—A Musical Soiree will be given by Mr. M. Hebson to-morrow evening in the Odd Fellows' Hall, Martin's Block. As this will be the first Soiree given in this city, we hope those ladies who have received invitations will be present in full dress. As Mr. Hebson has been well known to our first families as an accomplished teacher of the Piano and Vocal Music for the past year, we may expect his Soiree to-morrow night to be a brilliant affair.

A MARBLE BANK.—The new building which the State Bank intends to put up on the corner of East Water and Michigan streets, promises to be a very handsome one. It will front 40 feet on East Water, and 75 on Michigan street; is to be four full stories in height, with an elevated basement, and is to be built of the white Joliet limestone.

MILWAUKEE AND MISSISSIPPI R. R.—The track of this road is all right again, and the trains yesterday, East and West, were on their time.

The earnings of the road for the month just past were $40,4[illegible] 77, against $32,[illegible] 73, for the corresponding month last year—increase $8,920 39.

THE MURDERER OF MR. ADAMS.—We learned yesterday that Felner, who shot Herman O. Adams, will, by his counsel, plead not guilty and stand a trial. Felner has all along declared he would plead guilty—why the change we don't know.

MR. J. G. SAXE.—We are glad to learn from Mr. SAXE himself, that he is so far recovered in health that he fully expects to fulfil his appointment here for next Friday evening. He was in Detroit, and lectured there, on Friday, February 1st.

WET GOODS AT AUCTION.—Mr. Wall sells at auction this morning, a mixed lot of wet goods saved from the Propeller *Illinois*. Read his advertisement and be on hand to take the chances for bargains.

BOARD OF TRADE.—The meeting of the Board of Trade, announced for this afternoon, is postponed till Saturday, in consequence of the unavoidable absence of a number of the members.

NEW ADVERTISEMENTS.

FARM FOR SALE.

160 acres Prairie 120 acres Timber, 80 acres under cultivation.

THE UNDERSIGNED will sell upon reasonable terms, 280 acres of land situated in Grant County, Wis., six miles South of the Milwaukee and Mississippi Railroad, 14 miles from Prairie du Chien, the Western terminus of said road, and directly upon the Military road, one of the greatest thoroughfares in the state.

The above land, were selected in 1835, and combine the advantages of first rate farming land, excellent timber and water: 160 acres of said land is Prairie, 8 acres of which is under a high state of cultivation, and ready for a spring crop, and the whole tract susceptible of cultivation. 120 acres good timber, within two miles of the farm, and good roads leading thereto.

On the premises is a substantial frame Dwelling House. The entire country around is thickly settled by an enterprising and moral population, and a good school is steadily sustained in the vicinity. Address ALEXANDER PAUL.

Crowds of Admirers Visit

FOWLERS & HORN'S GALLERY!

NO. 221 1-2 EAST WATER ST., (Empire Block) to examine their beautiful and finished specimens of Photographs, Ambrotypes and Daguerreotypes.

Mr. Horn is a Painter by profession, and invites public attention to his style of painting Photographs. These pictures EXCEL THE FINEST PAINTING UPON IVORY, and while they equal the works of the Masters in their delicacy and richness of color, far surpass them in exactness of delineation and PERFECT FIDELITY TO FEATURE, expression and nature.

Friends, relatives and lovers may now rejoice in the possession of perfect likenesses, at a price that places them in the reach of all. Our painted Photographs are warranted to be all that is here represented, and we guarantee them to preserve their color without fading, at least as long as paintings on ivory.

Particular attention also paid to Ambrotypes and Daguerreotypes, and

ALL THE IMPROVEMENTS IN THE ART

are applied by us as soon as introduced at the East.

CITY LAND OFFICE.

Saturday, Feb. 9, 1856.

Below you have a correct list of property sold the last week, as per Recorder's office. I would remark that the majority of the sales are made to those who intend to reside with us. Several lots reported have improvements on them. There is a steady and quiet demand for eligible dwelling lots, and a great demand for house property, both to purchase and rent. I would again say to those who have not yet secured themselves a house, to be about it.

CITY LAND OFFICE.

I AM now preparing my room, corner of East Water and Wisconsin Streets, and arranging my maps for the Real Estate Trade, which will commence in a week or two. I have the list of some property left with me last fall.

I would say to my friends that they will please call and fix prices and terms so that I can be prepared for operations in time.

I will give a report of sales of Real Estate once a week as soon as business gets fairly under way. I have made some large sales within the last two months, which have been reported, I see, through the Recorder's office.

MASSACHUSETTS MUTUAL LIFE INSURANCE CO.

Capital, $200,000.

STATE OF WISCONSIN, SECRETARY'S OFFICE, } ss.

Satisfactory evidence having been furnished to me that the Massachusetts Mutual Life Insurance Company, being an Insurance Company, incorporated by the State of Massachusetts, is possessed of the Actual Capital required by the seventh section of an act, entitled "an Act to provide for the incorporation of Insurance Companies," approved February 9th, 1850.

Now, Therefore, in pursuance of the Act aforesaid, I John W. Hunt, Assistant Secretary of State, of the State of Wisconsin, do hereby certify that Lucius Cummings, is be duly authorized by said Company, may take Risks, Receive Premiums, and transact the business of an Insurance Agent for said Company in this State, from this date until the thirty-first day of January next.

In witness whereof, I have hereunto set my hand, and affixed the Great Seal of the State, at the Capitol in Madison, this 16th day of August, 1855.

JOHN W. HUNT, Ass't Sec'y of State.

Capital and accumulations of the above named Insurance Company, $200,000, all paid, and invested according to the Laws of Wisconsin, (as the above certificate shows.) The accumulations are to be divided every five years, as provided in the charter of the Company, which is *perpetual!*

The Company having complied with the Law of Wisconsin, and established a Branch Office at Chicago, Ill., (it being practically a *Home Office* of the West) where they write Policies, Pay Losses and transact any business pertaining to the Home Office.

LIABILITIES.

Unsettled claims for Losses and not due $175,052 47

The Ætna Insurance Company presents its patrons the very satisfactory condition, of a large increase in Cash Assets, for the further security of their policies—all our investments being placed at the minimum market value, at the present time of some depression in the standard of same. They are either prime dividend paying stocks, or good, valuable and clean investments, yielding moderate interest and income. The standard basis on which the Assets have been valued, being *Gold at interest*. Besides this solidity, the Company calls attention to the strength and security it derives from its combined system of Agencies, through its agents having the chances of presenting a united phalanx of *experienced Underwriters*, which has worked, for thirty-seven years, the happiest results to stockholders, and claimants for losses—and enables it to enter the year 1856 with greater promise for future usefulness, than has yet been reached by a really *National* Insurance Corporation.

All business attended to with despatch and fidelity.

PIANO FORTE TUNING AND REGULATING.

THE SUBSCRIBER, having engaged the services of Mr. E. T. HURLBUT, a competent and experienced tuner, is now prepared to attend to all orders with which he may be favored. The following testimonial to Mr. Hurlbut's capability is from the director of the celebrated Germania Musical Society.

ALB., March 27, 1855.

It is with much pleasure that I commend Mr. E. T. Hurlbut as a Piano Forte Tuner and regulator. To say that he is an excellent tuner, would not be doing him justice, for I can without hesitation say that he is capable of tuning a Piano as near to perfection as it is possible for a Piano to be tuned; but the greatest recommendation to him is the unusual length of time which his Pianos remain in tune. I have never, either in Europe or America, seen a man whom I would so cheerfully and with so much confidence employ to tune or regulate a Piano Forte as Mr. Hurlbut, and as cheerfully recommend him to all who want Pianos tuned.

England Refuses to Suspend Hostilities—Anxiety for the Pacific.

NEW YORK, Feb. 11.

Paris letters say that England *refused* to suspend hostilities, while negotiations are proceeding.

The Government has ordered the Steam brig *Arctic* to go in search of missing steamer *Pacific*. Much anxiety is felt for her safety.

Sales 7000 bbls. 7,50a7,62 common to good State; 7,75a8,00 extra do., 7,55 mixed to good Mich.; 7,87a8,25 good to low grades extra Western; 7,87a10,50; extra Genesee closing quiet and firm; 400 bbls. Canadian sold 7,87a10,00 for common, superfine to choice extra.

GRAIN—Wheat firmer, rather more inquiry; sales 4000 bush. 2,10 for prime white Canadian and Detroit; and 1,87½ red Tennessee; Rye steady 1,25a1,30. Corn unsettled, sales 10,000 bush. 80a83 new mixed yellow and white Jersey; and Southern mixed nominal 82a84. Oats plenty and dull 44a46 State; 46a48 Western.

WHISKEY—Lower, 150 bbls. O. & P. 35.

PROVISIONS.—Pork dull and lower; 350 bbls sold at 15,94a16 for western; 13,94a14 for prime. Beef dull, prices unchanged; sales 150 bbls. Beef hams and prime mess beef quiet; prices nominally same. Cut Meats steady; 160 bbls 7¼a7½ for shoulders. Lard lower; 300 bbls 10a10¼. 50 boxes long middles sold at 10. 2000 dressed hogs, to arrive in all this month, 7¼.—Butter steady at 19a24 for Ohio; 23a27 for State. Cheese in moderate demand at 9a11.

NORFOLK, Feb. 11.

The Pangatalague Light House was swept away on Saturday night, second inst., with the men who were stationed there. Nothing heard from it since.

ST. LOUIS, Jan. 11.

Salt Lake mail arrived at Independence on Saturday. No news of importance. The party reports snow to the depth of 3 to 5 feet at Santa Fe. The Salt Lake outward bound mail was obliged to return on account of their inability to proceed. There was a great amount of suffering in the Territory.

Washington Items—Ballot for Printer—Douglas against Pierce.

WASHINGTON, Feb. 10.

The House re-adopted the resolution to proceed to the election of a Printer, when a vote was taken with the following result. Folett, 68; Wendell, 66; Farman, 16; Nathan Sergent, 9—scattering 15—necessary to a choice 87. Mr. Cullom Clerk of the House, retains Barclay, Buck and Haines as clerks. He has removed 20 others and filled the vacancies.

On motion of Mr. Fish, the Secretary of War was requested to report whether any, if so, what additional fortifications are necessary for the defence of the harbor of New York and Brooklyn Navy Yard.

There is no possibility of a collision on the Central America question.

HOUSE.—More votes were taken the last resulted as follows: Follett 65, Wendell 71, Farnham 9, Seargent 5, scattering 16. Necessary to choice, 84. Mr. Underwood made an ineffecual motion to elect Printer by plurality vote. Adjourned.

SENATE.—On motion of Mr. Thompson, of Kentucky, a resolution was adopted instructing the court on military affairs, to enquire into the expediency of abolishing the Military Asylum at Harrisburg, Ky. Mr. Thompson said, the old soldiers were not satisfied to be so far from salt water, where they could not get Schiedam schnaps and Irish Whiskey.

On motion of Mr. Sumner, the Post Office committee was instructed to consider whether the charges on letters carried on Ocean Steamers are not unnecessarily large and burdensome, and whether something may not be done; if so, how to secure the benefits of cheap Ocean postage.

On motion of Mr. Sumner, the judiciary committee were instructed to consider the expediency of the appointment of commissioners to revise the public statutes, reduce them to the corrected text, and render the language plain to all. Adjourned.

Mr. Senator Wilson will speak to-morrow, against British claims on Central America, and will oppose the Clayton and Bulwer treaty. He supports Mr. Seward's plan as leading to war, and he will offer in conclusion a joint resolution abrogating the Clayton and Bulwer treaty.

The despatches by the Persia are friendly.—There is no definite answer respecting the recall of Mr. Crampton and the consuls.

Mr. Douglas has arrived, and will oppose the Administration in its policy upon Central America question. He advises an alliance offensive and defensive with Gen. Walker, as preliminary to the war with Great Britain, which is about to take place upon the recommendation of the President, and with the concurrence of Messrs. Seward, Foote and Wilson.

THE HOUSE COMMITTEES.—It is understood that Mr. Campbell, of Ohio, has received the office of Chairman of the Committee on Ways and Means; Mr. Pennington that of Foreign Affairs; and a National K. N. that of the Judiciary.

Mr. Crampton—Mexico.

WASHINGTON 10th.

The impression exists here that Mr. Crampton will shortly retire voluntarily, and not in consequence of any demand on the part of his Government for his recall. Senor Almonte left Washington for Mexico, at the urgent solicitation of his friends, the constitution of that country now being remodeled, and his presence deemed necessary for present and future contingencies.

NEW ORLEANS, Feb. 9.

The *Persia's* news was received here to-day after business hours.

Sales cotton to-day 1000 bales—sugar quoted at 7½, sterling 7⅞.

An attempt was made last night to assassinate Dennis Oreon, one of the editors of the Delta. He is badly injured but it is believed not fatally.

THE GREAT ENGLISH REMEDY.

SIR CHARLES CLARKE'S

CELEBRATED FEMALE PILLS.

Protected by Royal Letter Patent.

PREPARED from a prescription of Sir James Clarke, M. D., Physician Extraordinary to the Queen. This invaluable Medicine is unfailing in the cure of all those painful and dangerous diseases incident to the female constitution.

It moderates all excess, removes all obstructions, and brings on the monthly period with regularity. These Pills should be used two or three weeks previous to confinement; they fortify the constitution, and lessen the suffering during labor, enabling the mother to perform her duties with safety to herself and child.

These Pills should not be taken by females during the FIRST THREE MONTHS of Pregnancy, as they are sure to bring on Miscarriage, but at any other time they are safe,

In all cases of Nervous and Spinal Affections, pain in the Back and Limbs, Heaviness, Fatigue on Slight Exertion, Palpitation of the Heart, Lowness of Spirits, Hysterics, Sick Headache, Whites and all the painful diseases occasioned by a disordered system, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or any other mineral.

Full directions accompanying each package. Price, in the United States and Canada, One Dollar.

Sole Agents for the United States.

I. C. BALDWIN & Co.,

(Late J. Bryan,) Rochester, N. Y.

N. B. $1,00 enclosed to either of the General Agents will ensure a bottle of the Pills by return mail.

jan25y WILLIAM J. WHALING, Agent.

Letter from Hon. John Minor Botts, of Virginia.

Richmond, July 9th, 1855.

Messrs. Wm. S. Burns & Co.,

Gentlemen:—Considerations of duty to the afflicted alone prompt me to send you this voluntary testimonial to the great value of CARTER'S SPANISH MIXTURE, for that almost incurable disease, Scrofula.

Without being disposed, or deeming it necessary, to go into the particulars of the case, I can say that the astonishing results that have been produced by that medicine on a member of my own family, and under my own observation and superintendence, after the skill of the best physicians had been exhausted, and all the usual remedies had failed, fully justify me in recommending its use to all who may be suffering from that dreadful malady.

I do not mean to say that it is adapted to all constitutions, or that it will afford the same relief in all cases; for of course, I can know nothing about that—but from what I have seen of the effects, I would not hesitate to use it in any and every case of Scrofula, with persons for whom I felt an interest, or over whom I could exercise influence or control. Respectfully yours,

jan23 JNO. M. BOTTS.

☞ For the benefit of the invalid portion of the community, we extract the following from the Almanac of Dr. C. M. Jackson, proprietor of *Hoofland's German Bitters* hoping it may induce a trial of them:

SPRINGFIELD, Ill., March 19, 1855.

J. C. NILES says:

"I expect to sell great quantities of your bitters this year. Many of my customers speak very highly of its good qualities, having proved itself most an *excellent Fever and Ague preventative, a great purifier of the blood*, and the very best thing on record to aid digestion and create a good natural appetite. In short, I am sure it is one of the very best medicines known for family use, being safe and pleasant for any one to take."

C. L. D. CROCKWELL says:

ANAMOSA, Iowa, May 1, 1854.—"The Bitters give unbounded satisfaction to all that have used them, and I do and can always recommend them to all that are afflicted. They have cured many cases of Dyspepsia, some of them where hundreds of dollars have been spent for remedies which afforded no relief, and were considered incurable until they used the Bitters." MEDICAL.

R. R. R.

LIFE AND DEATH.

THE

Mysteries of Disease Laid Open to the People.

Health is the Principle of Life—Disease is the Principle of Death.

The R. R. R. Remedies possess the great power to secure to the human system health and long life, and free the human family from pains, aches, and all bodily infirmities.

THE ART OF PRESERVING HEALTH AND THE METHOD OF CURING DISEASE BY THE R R R'S.

RADWAY'S READY RELIEF

IS TO BE USED in all cases where there is pain. The moment it is applied externally, or taken internally, it will allay the most torturing aches, pains, cramps, spasms, burns, scalds &c quicker than Morphine, Chloroform, Veratrine, or any other anodyne or remedy that has ever been used by medical men

It is safer than these dangerous remedies. The public will bear in mind that Chloroform, Morphine, Opium, &c, only stifle the pain by stupifying the senses, so that the perceptive faculties lose the power of feeling, and that after the influence of these narcotics have passed from the system—the pain again breaks forth with its terrible pangs, with renewed violence

Radway's Ready Relief stops the pain and removes the cause of the disease that occasions it, it infuses new life into the weak and diseased parts. It braces the nerves, and establishes in the system a reaction of health and strength in the place of pain, weakness and disease

As a counter irritant, Radway's Ready Relief applied to the surface of the body, where there is any inflammation or congestion, it will instantly seat or the congested blood, equalizes the circulation and in a few minutes the most excruciating pains are removed. This may be seen in cases of Lumbago, Gout, and Rheumatism in their most terrible forms where an application of Radway's Ready Relief will restore the patient ease and comfort

Crippled with Rheumatism, Arm and Leg perished—No hopes of his recovery—Timely use of R R R—A wonderful cure

LETTER FROM ISAAC HUDDLESTONE

Rapids Parish, La, June 10th, 1855

Messrs Radway & Co—Radway's Ready Relief has cured Peter Way of Rheumatism, when there was no hope of his ever recovering. I heard of his situation and I sent for him. His right arm and leg was all perished. He had no use of them at all but by the use of your medicine, in two months he was carrying the mail from Cherryville to Burr-Fork. [illegible] He said he must do something for a living. It has been fourteen months since he was cured. He is now well and working on his farm, and the whole cost of your medicine was five dollars.

CARTER'S SPANISH MIXTURE

THE GREAT PURIFIER OF THE BLOOD!

THE BEST ALTERATIVE KNOWN!!

NOT A PARTICLE OF MERCURY IN IT!

An infallible remedy for Scrofula, King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples or Pustules on the Face, Blotches, Boils, Ague and Fever, Chronic Sore Eyes, Ringworm or Tetter, Scald Head, Enlargement and pain of the Bones and Joints, Salt Rheum, Stubborn Ulcers, Syphilitic Disorders, and all diseases arising from an injudicious use of Mercury, Imprudence in Life, or Impurity of the Blood.

This great alterative Medicine and Purifier of the Blood is now used by thousands of grateful patients from all parts of the United States, who testify daily to the remarkable cures performed by the greatest of all medicines, "CARTER'S SPANISH MIXTURE." Neuralgia, Rheumatism, Scrofula, Eruptions on the Skin, Liver Disease, Fevers, Ulcers, Old Sores, Affection of the Kidneys, Diseases of the Throat, Female Complaints, Pains and Aching of the Bones and Joints, are speedily put to flight by using this inestimable remedy

For all diseases of the Blood, nothing has yet been found to compare with it. It cleanses the system of all impurities, acts gently and efficiently on the Liver and Kidneys, strengthens the Digestion, gives tone to the stomach, makes the Skin clear and healthy, and restores the Constitution, enfeebled by disease or broken down by the excesses of youth, to its pristine vigor and strength.

For the DISEASES OF FEMALES it is peculiarly applicable, and wherever it has become known is regularly prescribed with the happiest effects. It invigorates the weak and debilitated, and imparts elasticity to the worn out frame, clears the skin, and leaves the patient fresh and healthy; a single bottle of this inestimable remedy is worth all the so called Sarsaparillas in existence

The large number of certificates which we have received from persons from all parts of the United States, is the best evidence that there is no humbug about it. The Press, hotel keepers, magistrates, physicians, and public men, well known to the community, all add their testimony to the wonderful effects of this GREAT BLOOD PURIFIER.

Call on the Agent and get an Almanac, and read the details of astonishing cures performed by CARTER'S SPANISH MIXTURE (IN MOST CASES WHERE EVERY THING ELSE HAD SIGNALLY FAILED). The limits of an advertisement will not admit their full insertion

AYER'S PILLS.

"Wisdom shall bow down to it, and the great of the earth shall kneel before it."

Never could this be said with more truth, than it now applies to this remedy for affections of the Throat and Lungs. The exalted in learning and power acknowledge its supremacy, while both the little and the great can feel its benefits. The liberal minded among those skilled to cure are free to own its mastery over distempers which have baffled their art. Those of exalted stations are not ashamed to testify to its virtues, but deem it a duty and a pleasure to thus hold out the lamp of their experience to their suffering fellow men.

(Translation)

Vermilionville, La, April 1853

Mons le Dr J C AYER—I have of late made frequent use of your CHERRY PECTORAL in my practice, and am happy to inform you that in no case yet has it failed me. I have made some signal cures of Laryngitis and Bronchitis with it, and have completely cured one case of Asthma, which has withstood every other medicine I could employ. Accept, sir, the assurances of my distinguished consideration,

JULES CLAUD GOUGUET, M D,

Late Surgeon of the Royal Marine, France

Extract from a letter of our Minister at the Court of the Sublime Porte

Legation of the U S A, Constantinople, Turkey

Dr J C AYER, DEAR SIR—The CHERRY PECTORAL received from you for the Sultan has been delivered to his private Secretary at the palace, and you will, doubtless, hear from it in due season. That that you were so kind as to send me has been given to friends, who have in many cases, found it exceedingly useful

Yours Respectfully, GEO P MARSH,

Minister Plenipotentiary of the U S A. to Turkey

Curacoa, March 5, 1852.

Dr J C AYER—I use your CHERRY PECTORAL daily in my practice, and am satisfied it is a remedy which must meet in every country the highest approbation

MEDICAL.

DR. WEAVER'S

CANKER & SALT RHEUM SYRUP & CERATE.

IT IS AN UNDISPUTABLE FACT THAT the above medicines are the only infallible remedies now before the public for cutaneous Eruptions, Salt Rheum, Erysipelas, Sore Legs, Ulcers, Old Fever Sores, Scald Head, Scorbutic Eruptions, &c., &c

Cases that the most eminent Physicians have despaired of relieving, immediately yielded to their curative powers, and when used in accordance with the printed directions, which accompany each bottle, the Syrup and Cerate combined eradicate any of the above named diseases, and leave the sufferer without a blemish. These medicines are too well known to require anything more than a plain statement of facts. The joyful intelligence is reaching us daily from East, West, North and South, of the wonderful cures they are performing

See what is said by those who have used these medicines

The Rev Samuel Henry, of Palmer, Mass., says, "they have done me more good than all the other medicines I have used for Erysipelas"

Capt William Vail, of the steamer Granite State, says "they have cured my daughter of Salt Rheum and Scald Head of six years' standing. She was literally covered with sores, is now perfectly cured by the use of the Syrup and Cerate"

Dr A J Johnson, of North Wardsboro, Vt., says, "a Scrofulous disease of the hip joint, and Scald Head in the same child, have been cured by the Syrup and Cerate"

Rev August Bolles says "it has cured the Salt Rheum in my leg"

J Hatfield Fraser, Esq, editor of the Somerset Whig, Somerville, N J, says "my mother has been completely cured of a severe case of Tetter of long standing, that had defied the skill of the best Physicians"

Hon Joel Loomis, of East Lyme, Conn, says, "I was completely cured of Erysipelas in my legs, after a council of the best Physicians in the County had pronounced the disease incurable, (at my age which was seventy eight years, but Weaver's Syrup and Cerate did the work at once"

Elias Latham, Esq, of Orient, Long Island, N Y, says, "I hardly know how to express my gratitude to you and your medicines. I have been afflicted for more than thirty years with Salt Rheum in its worst form. I tried several Physicians in New York, Brooklyn and Greenport. I have dieted and taken medicines enough to float a pretty large boat, but they did me no good. I have taken your medicines one year, and am now able to work and sleep without an ache or a pain, and my neighbors say I am the sprightliest man on the Island."

The Rev J S Swan, of New London says, I have used the Syrup and Cerate in my family for more than a year and I consider it completely adapted to sustain the high reputation that is claimed for it. I have seen it used in a number of cases for Salt Rheum and Erysipelas, with entire success

Ask Seth Frisbery, of Taunton, Mass, what the medicines will do, ask William Barber, of Three Mile Bay, Jeff Co, N Y, what the syrup has done for him, ask F & W H Boynton, of Perkinsville, Vt ask F L Kent, of Chicago, Ill, ask Martha Cottle of Martha's Vineyard, Mass, ask Wm F Keables, or Wm P Benjamin, Esq, of New London, ask Dr H M Murdock, of Pulaski, N Y, ask J C Smith, of Brooklyn N Y, who was cured of Scrofula, after losing his leg by the disease, and suffering for years, has been perfectly cured by the use of the Syrup & Cerate, ask Curtis Burrough, of Shelby, N Y, who has been cured of a severe case of Salt Rheum, ask Chas Akin of Hume, N Y, what the Syrup and Cerate will do for sore legs, ask Winslow and Slafter, Merchants, Virgil, N Y, what it will do for Fever Sores. In a word, ask every body who has ever tried these wonderful medicines, and the answer will be the same—THEY CURE.

TO THE MILLION!

READ AND JUDGE FOR YOURSELVES

PROFESSOR WOOD'S Hair Restorative is no doubt the most wonderful discovery of this age of progress, for it will restore, permanently, grey hair to its original color, cover the head of the bald with a most luxuriant growth, remove at once all dandruff and itching, cure all Scrofula and other cutaneous eruptions, such as scald head, &c. It will cure as if by magic, nervous or periodical headache, make the hair soft, glossy, and wavy, and preserve the color perfectly, and the hair from falling to extreme old age. We could give the testimony of more than one hundred thousand to the truth of every word we have written. See circular and the following

CARLYLE, Ill, June 29, 1855

I have used Prof Wood's Hair Restorative, and have admitted its wonderful effect. My hair was becoming, as I thought prematurely grey, but by the use of his Restorative it has resumed its original color, and I have no doubt permanently so.

SIDNEY BREESE,

Ex-Senator United States.

VINCENNES, Ind, June 10, 1853

Prof O J Wood Dear Sir—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state for whomsoever it may concern that I have used it and known others to use it, that I have for several years been in the habit of using other hair restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head from dandruff, and with one month's proper use will restore any person's hair to the original youthful color and texture giving it a healthy, soft and glossy appearance, and all this without discoloring the hands that apply it, or the dress on which it drops. I would therefore recommend its use to every one desirous of having a fine color and texture of hair

Respectfully yours,

WILSON KING

A gentleman of Boston writes to his friends in New Bedford, thus

To your inquiries I would reply that when I first commenced using Professor Wood's Hair Restorative, my hair was almost white, and had been so for the last ten years and it was very thin on the top of my head, and very loose and pulled out freely, but I found that before I had used the second bottle up (which was eight weeks) my hair was entirely changed to its original color (light brown) and is now free from dandruff and quite moist. I have had my hair cut five or six times since the change, and have never seen anything like white hair starting from the roots, and it is now as thick as it ever was, and does not come out at all. It has proved in my case all that I could wish or ask.

Yours, &c, ———

GARDINER, Me, June 22, 1855

Mr Dyer Dear Sir—I have used two bottles of Prof. Wood's Hair Restorative, and can truly say it is the greatest discovery of the age for restoring and changing the hair. Before using it, I was as grey as a man of seventy. My hair has now attained its original color. You can recommend it to the world without the least fear, as my case was one of the worst kind

Yours, &c,

DANIEL N MURPHY

ST LOUIS, March 7, 1854.

Prof Wood —My hair commenced falling off some three or four years since, and continued to do so until I became quite bald. I tried all the popular medicines of the day, but to no effect. At last I was induced to try your celebrated Hair Restorative, and am happy to say it is doing wonders. I have now a fine growth of young hair, and cheerfully recommend its use to all similarly affected

A. C WILLMANSON,

136 Second Street

ST LOUIS, June 26, 1853.

Prof. Wood —As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months ago, very grey, and after using two bottles of your Hair Restorative, it assumed its original color, and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied those who use it will not regret it, as it gives the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair. I am, sir, yours, &c.,

Helmbold's Genuine Preparations.

HELMBOLD'S HIGHLY CONCENTRATED

COMPOUND FLUID EXTRACT BUCHU,

FOR DISEASES OF THE BLADDER and Kidneys, Secret Diseases, Strictures, Weakness and all diseases of the sexual organs, whether in male or female, from whatever cause they may have originated, and no matter of how long standing

If you have contracted the terrible disease which, when once seated in the system, will surely go down from one generation to another, undermining the constitution and sapping the very vital fluids of life, do not trust yourself in the hands of quacks, who start up every day in a city like this, and fill the papers with their glaring falsehoods, too well calculated to deceive the young, and those not acquainted with their tricks. You cannot be too careful in the selection of a remedy in these cases.

The Fluid Extract Buchu has been pronounced by eminent physicians the greatest remedy ever known. It is a medicine perfectly pleasant in its taste, and very innocent in its action, and yet so thorough that it annihilates every particle of the rank and poisonous virus of this dreadful disease, and unlike other remedies, does not dry up the disease in the blood

Constitutional debility brought on by self abuse, a most terrible disease, which has brought thousands of the human race to untimely graves, thus blasting the brilliant hopes of parents, and blighting in the bud the glorious ambition of many a noble youth, can be cured by this infallible remedy. And as a medicine which must benefit everybody, from the simply delicate to the confined and despairing invalid, no equal is to be found acting both as a cure and preventative.

HELMBOLD'S HIGHLY CONCENTRATED

Compound Fluid Extr. Sarsaparilla

For purifying the blood, removing all diseases arising from excess of Mercury, exposure and imprudence in life, chronic constitutional disease, arising from an impure state of the blood, and the only reliable and effectual known remedy for the cure of scrofula, salt rheum, scald head, ulcerations of the throat and legs, pains and swellings of the bones, tetter, pimples on the face, and all scaly eruptions of the skin

This article is now prescribed by some of the most distinguished physicians in the country, and has proved more efficient in practice than any preparation of Sarsaparilla yet offered to the public. Several cases of secondary syphilis, mercurial and scrofulous diseases, have entirely recovered in the incurable wards of our public institutions, which had for many years resisted every mode of treatment that could be devised. The cases furnish striking examples of the salutary effects of this medicine in arresting some of the most inveterate diseases after the glands were destroyed and the bones already affected.

NOTICE.—Letters from responsible physicians and professors of several medical colleges, and certificates of cures by patients, will be found accompanying both preparations.

PRICES.—Fluid Extract of Buchu, $1 per bottle, or six bottles for $5. Fluid extract of Sarsaparilla, $1 per bottle, or six bottles for $5—equal in strength to one gallon of syrup of Sarsaparilla.
